ANNUAL REPORT OF SELECTMEN.

TO THE CITIZENS OF MILFORD, MASS.:

The year nineteen hundred and twenty-nine was an active one in the construction line in Milford. With public corporations making ready for the building of Main street by putting in new gas and water mains, anticipating new connections for such mains, together with the construction of Main and East Main streets, Upton road, and South Main street, a good deal of your Board's time was taken up in conferences and consultations with agents of the local public service corporations, with State and County authorities, State Engineers, and with practically all of the abutters on those streets. Many questions were involved such as land damages, grades, accessibility of driveways and roadways, etc., where your selectmen were called upon to make definite and prompt decisions so as not to interrupt the work.

Complex situations arose at times where it required tact, patience, and a sensible grasp of the whole business so as to coordinate all interests at issue with the least possible friction and the most possible satisfaction to all concerned.

We are satisfied that all these matters were met, properly solved, and the interests of the town safeguarded.

In their supervisory capacity as administrative officers of the town, the selectmen, through direct contact with numberless delegations coming before them advocating various matters in different parts of the town, or objecting to proposed programs, must of necessity get a clear cross-section of the needs of the town as a whole, and it is in the light of such an experience of the past year that we submit this report with some specific recommendations, and suggestions.

The accomplishments of the past year have been many. The first and foremost of these has been the completion of our much needed Main Street. It must be obvious to the think-

ing citizen that it was best and cheaper for the town to tackle that project in its entirety and have it all done at one time. In the carrying out of this improvement much else of benefit to the town was achieved. By forethought and careful planning, it was possible to utilize at a low cost the surplus material from Main street for improvements elsewhere. Thus our town park was filled in and sloped gradually so that what was formerly an eye-sore is now a pleasing landscape. Many of our outlying roads have been filled and made passable. Highland, Prospect, Courtland, Depot, and other streets have been so improved. In addition some filling was utilized in grading houselots adjacent to Medway Corner, thus reducing cost of land and damages which the town assumed in connection with the construction of East Main Street.

It was also forethought and planning that made it possible to have all the wires on Main street from Water Street to Sumner Street, put under ground and eliminate the unsightly poles standing between those points. In this connection the selectmen are indebted to F. M. Daniels, Wire Inspector, for his time given in planning all the details and arranging cross ducts and connections for any future extension of fire alarm wires, police signals, or traffic lights. It was a tedious job, and the town was fortunate in having such a man to give of his time unsparingly and conscientiously.

The progress of the building of Main Street was carefully watched by your Board, and in a number of cases we deemed it advisable to add to the original plans so as to have our street equal to the best. Rounding of practically all the intersecting corners was not at first contemplated, nor were the aprons contemplated in the beginning, but we felt that those things should be done for the comfort and accommodation of the public. A safety zone was installed in the centre of Lincoln Square and arrangements made to have a cluster of three lights installed which will guide traffic, help pedestrians in crossing; and give more light to the square.

Traffic lights were installed at the intersection of Main and Central Streets. This was done after taking a traffic

count as requested by the Department of Public Works, and installation was done according to plans furnished by the Traffic Division of the Department of Public Works, and under its supervision. Also a white way consisting of four lights on Central Street and three lights on Exchange Street, together with an additional two lights at the corner of Main, Central and Exchange streets have been added.

The Selectmen's quarters have been inadequate to receive the numerous delegations of citizens that are constantly appearing before the Selectmen in connection with town business. The Selectmen have improved this condition so that visiting delegations will be better accommodated by re-arranging the rooms in the Town Hall. The Chief of Police office was moved to the room formerly occupied by the Tax Collector which puts the police department handy to the Court where it should be. Room was arranged for the Tax Collector in the front part of the Town Hall building in the Town Clerk's office and thereby making it possible for tax payers to step handily off of Main Street, without being obliged to go around the side door. The Town Accountant had been using the Selectmen's room which was not a very good arrangement and gave him no privacy to do the work required and in this re-arrangement a separate office was arranged for him which he now occupies. The present Selectmen's room, in its enlarged and present condition, will also be available for meetings of the Finance Board with much more comfort to them and those appearing before said Board.

Two ornamental lights have been ordered, one for each side of Town Hall, to rest on the stone buttresses where connections for such lights were provided when the granite steps were built some time ago.

By vote of the town without any solicitation on the part of the board, the selectmen were put to work in an advisory capacity with the Park Commissioners, in the spending of the five thousand dollars appropriated for permanent improvements on Town Park. We believe, with the Park Commissioners and Landscape Engineer Frederick W. Clarridge, a

good job was done, as any one can verify by taking a look around the Park.

Enumerating all these things that have been done is like enumerating progress. Like individuals a town in order to grow and prosper must do things for itself. We cannot afford to stagnate, but it is our duty to keep going forward. The past year has seen a spirit of progress such as has never been shown in Milford. We are of the opinion that a majority of our townspeople want this same spirit to continue and that we should proceed with needed improvements, not extravagantly, but wisely, prudently, and in a business-like way. Such expenditures for needed improvements at this time are in direct line with the wishes of President Hoover, that all civic units throughout the country should make a special effort to keep their programs at full speed, so as, in part at least, to tide the country over through this recession of business now prevalent, and in that way give employment to as many people as possible.

Milford is financially sound. In the 1928 town report you will notice that the credit balance in the surplus revenue account on December 31, 1928, was \$141,918.36. On December 31, 1929, as against this, in spite of the fact that \$30,000.00 was appropriated at the last annual town meeting from this account (which was \$15,000.00 more than was appropriated the year before) there is a credit balance in the surplus revenue account of \$154,122.00, which was \$12,204.00 more than the year before.

We are against the town borrowing money for long periods, as we feel that method of financing, while it may lighten the burden of taxation in the immediate years following the loans, will in the end be much more expensive, and consequently much more burdensome. Taking the average tax rate of all the towns of Massachusetts around \$30.00, we believe it to be the duty of the officers of the town to have the courage to advocate that any appropriation made for immediate improvements should be taken out of the tax levy of the current year up to an additional tax rate of \$3.00. In no way intending to be critical but solely to illustrate what it means

to borrow we ask you to compare the following examples of municipal finances. A few years ago a bond issued for \$50,000.00 was negotiated in such a way that when it matures the town will have paid \$37,500 00 in interest, or a total of \$87,500.00. An extra tax rate of \$3.50 per thousand levied in that year would have taken care of the \$50,000.00 loan, and saved the tax payers \$37,500 00. On our recent bond issue for Main street, on a modified plan of pay-as-you go our interest charges will be about \$8,400 for a \$75,000.00 loan, as against \$37,500.00 for a \$50,000.00 loan. It is obvious from this illustration which policy we should follow. The argument often put out that the town cannot afford an increase in tax rate is not sound. As a town we can afford to sacrifice a little and pay more at the time the improvements are made, when we realize that in the end money is actually saved.

RECOMMENDATIONS.

MAIN STREET SIDEWALKS. We recommend that cement sidewalks be built on Main street from the railroad crossing to the Hopedale town line, and work to proceed early in the spring, so that work will be completed before the Sesquicentennial Celebration. The sidewalks to be built under supervision of the Massachusetts Department of Public Works.

TOWN PARK. To continue the comprehensive program adopted by the Park Commissioners and the Selectmen, we recommend that \$5,000.00 be appropriated for that purpose.

ROUND POND. Your board recommends that \$6,000.00 be appropriated for the construction of a conduit and the filling of the Round Pond. If the sidewalk appropriation goes through, some money will be saved in this project, by using the excess material excavated from the sidewalks to make the fill in the Round Pond.

COMFORT STATION. The necessity of a public comfort station is well established, and we recommend that money be raised and appropriated for that purpose. For a location

the selectmen have in mind the taking of some land back of the 1 to 99c store on Fayette street, such a location being accessible, secluded, and central.

GODFREY AND OTHER BROOKS. Any board of selectmen in the past few years are well aware of the many complaints made by people living along the Godfrey Brook valley, due to blockage of said stream and consequent flooding of lowlands adjacent to it, causing property damage to abutters. This holds true of other small streams in other parts of the town. We, therefore, recommend a suitable appropriation to relieve those of our citizens who are affected by such damage. In connection with this it is our opinion that no work should be undertaken on Godfrey or other brooks until all the abutters shall have waived land or consequential damages that they may feel may be done to their property in carrying out the improvement.

CORNER OF EXCHANGE, CONGRESS AND WEST STREETS. We recommend that the house on the corner of Exchange and Congress streets be bought by the town and removed, so that a better view may be had by drivers of automobiles and trucks, that the corner may be rounded so as to minimize to the lowest possibility the latent danger of collisions and accidents now existing. One life saved will be worth any money this improvement costs.

CEDAR SWAMP POND SURVEY. We recommend that money be appropriated for a survey of Cedar Swamp Pond, and proper bounds placed, so that future contemplated improvements can be more readily worked out.

PURCHASE OF AN INCINERATOR We recommend that money be appropriated for the purchase of an incinerator to be placed on the Central Street Dump, under the supervision of the Highway Surveyor. The state fire marshal ordered said dump to be closed unless a suitable incinerator was installed, so as to prevent fire possibilities. By the installation of this incinerator the dump can be re-opened, and we strongly recommend and urge that this be done in the early spring and that all dumping be done on this location, because

as soon as the swampy area is filled in this new land will be an ideal spot to establish a playground for the children and recreation ground for working men in a section of the town that sadly needs such a public park.

Articles will be inserted in the Town Warrant to cover the above recommendations.

During the past several years substantial amounts of money have been expended in extending the sewer system, and also in rebuilding numerous streets. Has the time not arrived for the citizens to consider whether we want to continue these expenditures or curtail them? The selectmen feel that reasonable curtailment in both these departments should be made this year.

Selectmen of Milford.

REPORT OF THE HIGHWAY SURVEYOR.

TO THE VOTERS OF THE TOWN OF MILFORD:

I hereby submit my report as Highway Surveyor of the Town of Milford for 1929.

NEW MACADAM STREETS.

The entire or sections of the following streets were rebuilt with trap rock and asphalt, receiving from three to six inches of trap rock penetrated and sealed with heavy asphalt:

West Walnut, Westbrook, Fountain, Poplar, Myrtle, Park Terrace, Mt. Pleasant, Nelligan Square and Congress Streets.

REPAIRS TO GRAVEL ROADS.

Reservoir and Silver Hill Streets which were in an impassable condition due to flood of 1927, were repaired in the early spring requiring considerable labor and material.

The material which was excavated during the rebuilding of Main Street was placed on the following streets to a pleasing advantage: Highland, Asylum, John, Prospect, Dilla, Fountain, Finley, Courtland, Howard, North Main, Florence, Fairview Ave., Medway, Depot, Whitney, Richmond Ave., Overlea Ave., Westbrook, Maple, Central, Haven, Harris Ave., and High Streets.

GRAVEL STREETS.

Treated with tarvia or asphalt, covered with pea stone or sand: Purchase, Congress, Otis, Orange, Lawrence, Lee, Quinlan, So. High, Whitney, Central, Beach, Granite, Sumner, Winter, Lincoln, Meade, Dilla, Depot, Vernon, Fruit Ext., Prospect, Bancroft Ave., Elm, Green, Vine, and Metcalf Ave.

RESURFACING.

The following old Macadam streets were pitched and resurfaced with tarvia or asphalt: Medway, Cedar, Purchase, East Main and Pleasant Streets.

WOODEN BRIDGES.

Five thousand feet of three inch chestnut plank and several stringers were used in rebuilding and repairing the various wooden bridges.

SCRAPING AND SCARIFYING, ETC

All country roads and gravel streets were scraped or scarified and rolled, gutters cleaned, brush cut, guard rails repaired, brooks and culverts cleaned and repaired, basins cleaned and considerable drain pipe laid.

SIDEWALKS.

The following sidewalks were rebuilt or repaired: West, Winter, Mechanic, State, Church, Bancroft Ave, Congress, Depot, Forest, Grove, E. Main, Whitney, Westbrook, West Walnut, Mt. Pleasant, Hayward, Thayer, Prospect, North Bow and Central Street walks.

Respectfully submitted,

EDWARD C. BEAULAC,
Highway Surveyor.

TOWN ACCOUNTANT'S REPORT.

To the Honorable Board of Selectmen and Voters of Milford:—

I herewith present my third annual report for the year ending December 31, 1929, showing in detail the appropriations, expenditures, and receipts from each source of income. There has also been included a table showing the borrowing capacity of the town, a detailed statement of the Funded Debt and the usual Balance Sheet.

With this report my term of office expires, and it might be said that the probationary period of our accounting system has ended, and from an unknown and little understood change in our method of municipal accounting, our new system has become a vital and important link in our town government. For the most part the changes made necessary by the installation of the State system have been very well received, and the desire to assist me in conforming in every detail to State requirements has made a difficult task comparatively easy.

I feel that much has been accomplished that is of benefit to the town, and that the consolidation of all financial transactions in one report is of great value to the ever increasing number of voters who interest themselves in the business transactions of the town. Income, other than taxes, is an important feature that must be followed by the Town Accountant, in order that what is due the town be properly accounted for and collected within a reasonable length of time. All expenditures are carefully checked to insure the purpose, as well as the amounts of the appropriations as voted, being strictly adhered to. No appropriations have been overdrawn, and unpaid bills have become a negligible factor. I regret that a few small appropriations must be asked for unpaid bills of

last year, and merely caution all departments that this practice must be carefully guarded against.

During my term of office the sum of \$79,659.70 has been made available from our surplus accounts, and another substantial amount will be recommended this year. In spite of this very material assistance in reducing the tax rate our Surplus Revenue Account is still sufficiently large to take care of any emergency that might arise.

Respectfully submitted,

JOSEPH V. CAREY,

Town Accountant.

We wish to call the attention of the Voters to the fact that the Fire Department has now in service a 1912 Packard Combinaion Truck rebuilt from the chassis of a touring car. We feel this truck has outlived its usefulness and should be replaced by a modern piece of Fire apparatus. This machine has given excellent service to the Town in the past, but has now reached the stage where it is unreliable and is the source of considerable expense to the Department. We recommend that the Town purchase a modern piece of apparatus and the Engineers will confer with the Honorable Board of Selectmen and the Finance Committee relative to the placing of an article in the Town Warrant for the same.

We ask the Voters to consider the seriousness of this matter and give it their utmost consideration at the Annual Town Meeting.

Respectfully submitted,

ERNEST E. O'BRIEN,
PERLEY S. JOHNSON,
LOUIS ABBIUSO,

Milford Board of Fire Engineers.

Report of the Board of Public Welfare.

January 9, 1930.

The Board of Public Welfare respectfully submit the following report of John T. O'Brien, Town Almoner.

To The Honorable Board of Public Welfare of the Town of Milford,

Gentlemen:

I respectfully submit herewith the report for the year ending December 31, 1929.

There has been a constant pressure upon this town to increase its responsibilities for the care of persons who have a legal settlement here.

There are many causes for this increase in responsibilities. The greatest of these is the widespread unemployment which has continued throughout the entire year of 1929, with consequent extraordinary demands for public outside relief being made by families becoming affected by this situation. The prospects in general at the end of this year are far from promising for quick recovery and it looks doubtful that a marked improvement will take place before the end of the present winter. All this means a continuance of an abnormal amount of appeal for aid and if want and suffering are to be prevented the excessive expenditures are sure to continue. Other causes for this pressure are hospital cases, sickness in the home, medicine, nursing and desertion.

In closing I wish to take this opportunity to thank all those who have assisted me in any way during the past year.

Respectfully submitted,

JOHN T. O'BRIEN,

Almoner.

The oldest inmate is 87, the youngest 33, there are twenty-one between 70 and 82, eleven between 60 and 70, and four between 50 and 60.

Two inmates died during the year and three were transferred to the State Infirmary, for hospital treatment.

On December 31st, we had ten boarders, five from

Blackstone, three from Bellingham, one from Millville and one from Hopedale.

The oil burner that was installed in the large boiler, has given very satisfactory service, all parts of the building are comfortable at all times day and night, a condition that we were not having with coal without the attention of someone to care for the fire nearly all the time, as we did not have anyone to do that work at night, the fire had to be banked causing at times much discomfort to anyone that was sick and needed attention during the night.

In the past winters there has been much justifiable complaint that the building was cold, so far this winter the only fault found was that it was at times too warm, and I think that most everyone appreciates the benefit from the change in the heating system.

It was necessary to do an unusual amount of repairs to the plumbing this year, renewing nearly half of the piping. The minerals in the water cause a corrosion which in a few years fill the iron pipes solid; the brass pipe does not fill up but becomes brittle and break off at the fittings.

The average life of the smaller iron pipe is about seven years and the brass but a short time longer, unless some means can be found to correct this condition the plumbing repair bills will always be large.

The plumbers that did the work have made different recommendations; some have advised the use of copper pipe, others tin-lined pipe, both expensive.

The tin roof on the laundry and store room has been leaking for a long time; it has been patched several times but is now in such bad condition that a new roof is necessary.

In conclusion, I believe you will agree that with new work on the heating system, repairs, the largest registered population since 1919 and the high cost of all commodities used in the maintaining of a modern Town Infirmary, the weekly cost per person was extremely low.

The grateful appreciation of the Board is extended to the employers who aided the Almoner, to the Societies and Individuals who, by contributions of money, food or clothing, have assisted us in our work.

Respectfully submitted,

MICHAEL B. SWEENEY, *Chairman.*

Report of the Sewerage Commission.

TO THE CITIZENS OF MILFORD:

The following is a report of your Sewerage Commission for the year ending December 31, 1929.

For detailed statement of income and expenditures of both construction and maintenance we refer you to the report of your Town Accountant. And we suggest a careful study of your Engineer's report which follows showing the new construction during the past year.

We recommend the sum of Twenty Thousand Dollars (\$20,000.00) be appropriated for new construction during the coming year, and that the following streets be considered.

Street	From	To	Size	Feet	Amount
Emmons	Existing M. H.	Northerly	8"	300	\$897.00
Fairview Ave.	Carroll St.	Walnut	8"	820	2,565.00
High	Existing M. H.	Northerly	6"	325	1,445.00
North Bow	Goodrich Ct.	Northerly	6"	280	856.00
Purchase	Dilla	Beyond Harris	8"	2,000	7,185.00
Parkhurst	Interceptor	Easterly to Hayward	8"	250	800.00
Parkhurst	Interceptor	Northerly to Hayward	8"	400	1,200.00
Union	Existing M. H.	Northerly	8"	450	1,305.00
West	Existing M. H.	Highland	8"	805	2,560.00
					\$18,813.00

You will note by the above list of the estimate of our engineer that our recommendation slightly exceeds the total allowing a little consideration for any further work. There are two claims for land takings but we have not agreed on any amount and there probably will be others on the further extention of Purchase Street northerly from Dilla Street, so that our finance commission may give some consideration of same. All claims up to January 1, 1929, with the exception of one have been settled and we look forward to the settlement of that during the coming year.

The cost of maintenance the past year was raised to

some extent by work made necessary due to the construction of Main Street. Your commission persistently endeavored to secure needed filling from the excavation of Main Street, to be placed around your property at low level pumping station on Charles Street, but had very little success, notwithstanding the known fact that much of this material had been given to private individuals for improvement of their property, while public property situated directly opposite the new shoe factory might have been greatly beautified and much improved. We do, however, take this occasion to thank F. Lanza & Sons, the contractors on the South Main Street construction, for valued help in the above effort.

During the past year 0.8 miles of sewers were constructed, making a total of 24.3 miles. The number of house connections during the past year was 30, making a total of 1,703.

Respectfully yours,

FRANK P. DILLON,
LOUIS P. PRATT,
ALFRED F. MARTIN,
Sewerage Commission.

Report of Engineer of Sewerage Commission

Milford Mass., January 8, 1930.

GENTLEMEN:—

During the year 1929, street sewers were constructed in East Main Street from Medway Road easterly and westerly, and an ejector station was constructed near the junction of East Main Street and Medway Road, to raise the sewage collected in this district to the end of the high level sewer.

Street sewers were also constructed, under a separate contract, in Mt. Pleasant, Purchase and Oliver Streets. House sewers were laid at all vacant lots or other points along Main Street, in anticipation of construction of the new State Highway, to avoid any possibility of breaking the proposed new pavement.

On March 13, 1929, proposals for the construction of the East Main Street sewer were received from the following contractors:

E. L. Sabatinelli.....	\$8,342.00
L. Luchini & Son.....	9,220.00
John F. Rooney.....	9,292.00
Cenedella & Co.....	9,393.75
Middlesex Const. Co.....	9,452.50
John Williams.....	10,412.50
A. Bonazzoli & Sons.....	18,835.00

The contract was awarded to the lowest bidder, E. L. Sabatinelli & Son. Conditions were much as anticipated, but considerable difficulty was experienced in the deep rock cut in East Main Street easterly from Medway Road.

On June 7, 1929, proposals were received for constructing the Ejector Station for the East Main Street pump-

ing district, also for furnishing and erecting the Sewage Ejector Equipment.

Ejector Station

A. P. Clarridge.....	\$2,400.50
L. Luchini & Son.....	3,642.50
E. L. Sabatinelli & Son.....	7,500.00

Ejector Equipment

F. A. Mazzur Company.....	2,725.00
Gilbert Howe Gleason.....	2,729.00

The low bid of Mr. Clarridge being substantially below the Engineer's estimate, the matter was discussed with the committee, and Mr. Clarridge given leave to withdraw, whereupon the contract was awarded to L. Luchini & Son, the next lowest bidder. The bid of E. L. Sabatinelli & Son was received after the stated time for opening, and was declared informal.

A contract for furnishing and erecting the sewage ejector equipment was awarded to F. A. Mazzur Company on the basis of being the lowest bid received.

July 9, 1929, the bids scheduled below were received for the construction of sewers in Mt. Pleasant, Purchase and Oliver Streets:

J. F. Rooney.....	\$5,446.00
G. Sabatinelli	6,347.60
Robert Costa	6,433.25
Louis Balboni	7,173.10
L. Luchini & Son.....	7,472.50
A. P. Clarridge.....	9,411.00

The contract was awarded to Mr. Rooney on the basis of being the lowest bidder.

The construction of house sewers in Main Street previous to building the new road was done by Guido Sabatinelli at actual cost plus fifteen per cent, the uncertain material and scattered location of the work making this procedure justified.

All the work undertaken during the year has been satisfactorily completed, and the East Main Street pumping

District has been put in operation. No unusual construction difficulties were encountered, with the exception of so-called quicksand in a small part of the East Main Street work, and more rock excavation than was anticipated in Oliver Street.

The co-operation and assistance of town officers, and particularly the superintendent of sewers is hereby acknowledged.

Yours very truly,

F. A. BARBOUR.

MILFORD TOWN LIBRARY.

REPORT OF THE TRUSTEES

Milford, Mass., January 10, 1930

The influence of the Town Library during the past ten years has greatly increased and at the beginning of this fiscal year we are about to ask for a larger appropriation, whereby the Library can open daily from 2:00 until 5:00 and from 7:00 until 9:00 except on Saturdays when it will be open from 6:00 until 9:00. The Trustees further plan to open the stacks of the Library and to give to the townspeople access to every book in the Library. These changes in the hours and the opening up of the stacks should greatly increase the circulation and create among our patrons a better disposition towards the Library.

It will be noticed that there is a slight decrease in the circulation of 1929. This can hardly be explained, especially when many people were out of work during the latter part of the year. Evidently the radio, automobile, and other forms of diversion took up their interests.

During the past year the Library Trustees were the recipients of many generous gifts, special mention of which will be found in the Librarian's Report.

The number of books which the Board finds it possible to add each year is small. The adding of so few books annually greatly impedes us in extending our circulation. The sum of \$1000 added to our annual expenditure for books would surely add to our circulation.

The work of the Librarian, the Supervisor of the Reading Room and their part-time assistants has been found very satisfactory. We want the people of the town to feel that the Library is their institution and that its Trustees, Librarian, Supervisor of the Reading Room and their

part-time assistants are there to aid them in their quest for knowledge and to give to them whatever profitable reading and information they want. Much money is spent in the purchase of magazines, encyclopedias, etc., for the Reading Room and we would like to see more people make use of that particular department.

Very truly yours,

DR. THOMAS J. NUGENT, D.M.D.,
Chairman of Trustees.

REPORT OF THE LIBRARIAN

TO THE TRUSTEES OF THE TOWN LIBRARY:

Gentlemen:—I submit herewith the seventy-first annual report of the library for the year ending December 31, 1929.

For the first time in nine years the figures show a loss in circulation. The first four months of the year showed a gain of 3,266 volumes. Since May the decrease has been

steady each month, until a loss of 3,883 volumes was shown giving a net loss of 617 volumes. Many libraries in the State report a smaller circulation this year, for which no adequate reason is given.

STATISTICS

The library was open 302 days. Circulation for the year was 62,193 volumes as against 62,810 volumes in 1929, a loss of 617 volumes. The circulation by departments was; History, 126; Biography, 807; Politics and Law, 23; Travel, 651; Science, 311; Fiction, 30,921; Magazines and Miscellaneous, 2,656; Religion, 53; Poetry, 382; Juvenile, 26,254; Public Documents, 9.

Largest daily circulation, January 2, was 504 volumes. Smallest daily circulation, April 16, was 37 volumes. Average daily circulation was 205.93 volumes. Average circulation per capita was 4.2 volumes.

Amount received for fines was \$191.00, which was paid to the Town Treasurer according to State law. Notices sent delinquents, 712; new patrons registered, 531; visitors to reading room, 8,612, against 9,880 last year—a loss of 1,268.

The library contains, as per catalogue, 23,039 volumes, as follows:

	Vols. in 1928.	Added during year.	Vols. in 1929.
History	1,222	5	1,227
Biography	1,658	29	1,687
Politics	370		370
Travel	1,474	29	1,503
Science	1,454	10	1,464
Fiction	7,768	130	7,898
Magazines and Miscellan- eous	3,733	71	3,804
Religion	539	2	541
Poetry	631	13	644
Juvenile	3,244	85	3,329

Public Documents	556	16	572
Totals	22,649	390	23,039

There were 390 volumes added during the year; by purchase, 294 volumes, by gift, 61 volumes, by binding magazines, 35 volumes. There are 17 years unbound volumes of Patent Office Gazette. The donors were; Miss Annie Daniels, 25 volumes; State of Massachusetts, 12 volumes; Mrs. Clara Ferguson, 5 volumes; United States Government, 5 volumes; High School Oak, Lily and Ivy, 2 volumes; Milford Daily News, 2 volumes; United Fruit Company, Robert Luce, M. C., Mrs. Burton Nichols, Royal Baking Company, Dr. Allen E. Cross, Mrs. M. J. Spaulding, Carnegie Endowment, Frigidaire Corporation, Motion Picture Producers and Distributors of America, New Covenant Fellowship, each 1 volume.

IMPROVEMENTS

The five hundred dollar bequest of Mrs. Margaret J. Spaulding was used by the Trustees for the purchase of a new charging desk. The following article from the Milford Gazette gives an adequate description.

MEMORIAL DESK FOR TOWN LIBRARY.

"Under the personal direction of L. R. Plimpton, district manager of the Filing Equipment Bureau, a beautiful delivery desk in memory of Mrs. Margaret J. Spaulding is being installed at the Town Library. The desk is of quartered oak, with working space on three sides of a hollow rectangle and is placed at the front where books have been given out in the past, except that the new desk projects into the delivery room beyond the present grill work. Shelf room and drawers on the inside give adequate conveniences for modern library work. On the top is a brass tablet with this inscription:

*The Generous Gift of Mrs. Margaret J. Spaulding
To the Milford Public Library in 1927.*

The desk was purchased from a bequest of \$500 under Mrs. Spaulding's will. Mr. Plimpton has taken much in-

terest in the contract and he made several preliminary visits to the library in order that the desk might be made to fit the proportions of the room and to match the color of the woodwork."

The new desk necessitated the purchase of a new desk chair, new charging material, and new lights for the delivery room. A new umbrella rack, oak to match the desk, was also purchased. A third Bulletin of new books was issued in May. Three large blotters were made specially for the desk, by Cohen, the blotter man of Boston.

The library receives from the Chairman of the Committee on Motion Pictures of the General Federation of Women's Clubs, bulletins listing the motion pictures considered good by the Committee. The bulletin gives the cast of characters, and a brief synopsis, with comment of values.

Two sets of Italian books were loaned by Miss Edna Phillips, Supervisor of library work with foreigners, Division of Public Libraries. The first set circulated 138 volumes; the second set is in use until February.

Many books have been borrowed from the Boston Public Library and from the Division of Public Libraries for the use of patrons.

SCHOOLS

State Certificate Reading was used for the fifth and sixth grades, with results shown on another page. Another registration is now running until the close of school in June.

Stacy school pupils were provided with cards and books as last year. The same system was used, the books left at the library at noon, and sent to the school at recess; certain specified rooms exchanging books, Mondays, Wednesdays and Fridays. This necessitated the usual eight or ten hours a week extra work by the librarian, but the results are worth it.

One hundred sets of the lists of books selected for the use of the Stacy school, were mimeographed by the pupils

of the High school, through the kindness of Principal Thomas J. Quirk and the typewriting department. Thus each of the fourteen teachers has a list and can direct the reading of the pupils so that the best results may be obtained.

Principal Davoren offers five dollars as a first prize for the best book review. The librarian has offered a second and third prize.

LIBRARY MEETINGS

During the year the library was represented by the librarian at the four day conference in Fitchburg, and the joint meeting of the Western Massachusetts Library Club and the Massachusetts Library Club in Lenox. At the Fitchburg meeting, a library clinic was held. Milford ranked low in its class, especially in number of hours open, salaries, number of books purchased, amount of appropriation from Town.

STATE CERTIFICATE READING

In order to encourage children to use the public library and to become acquainted with a few of the best books, The Massachusetts State Board of Education, through the Division of Public Libraries, offers a certificate to any child who reads and reports on five books in a stated list. Honor Certificates may be given to any child who has won four ordinary certificates provided at least five of the books read are non-fiction.

199 children read at least 5 books and won an ordinary certificate.

148 children won Honor Certificates, 20 books, 5 non-fiction.

26 children won 1 certificate, 5 books.

16 children won 2 certificates, 10 books.

9 children won 3 certificates, 15 books.

Two Honor Certificates were won by Gilda Tumolo, South school, sixth grade and Vincent Grossi, Plains school, fifth grade.

REPORT OF THE BOARD OF HEALTH.

The Board of Health for the year, 1929, was composed of the following members: Maurice J. Quinlan, Arthur J. Chambers, Oscar C. Ayotte.

The Board organized on March 6th, and the appointments were as follows: Maurice J. Quinlan, Chairman; Oscar C. Ayotte, Secretary; Meat and Provision Inspectors, Edward J. O'Sullivan, Dr. Benjamin F. Hartman; Sanitary Inspector, James J. Birmingham; Plumbing Inspectors, Maurice J. Quinlan and John E. Higgiston; Board of Health Nurse, Miss Helen C. Grady, R. N.; Dental clinic Dentists, Dr. William J. Clancy and Dr. Francis X. Kelly.

The appointment of Dr. F. H. Lally as Board of Health Physician, in September, also the appointment of Board of Health Nurse, Mrs. Anna McKenna, at the meeting.

The Board had one court case, a nuisance, in regard to an overflowing cesspool into the Public Highway. The offender was placed on probation.

New regulations as regards to T. B. patients for Hospitalization was put into effect by the State. Our State Hospitals being filled, several other Private Hospitals were chartered and a contagious ward established there for the care of T. B. patients, for which a charge of \$12.00 a week for each patient was established instead of \$7.00 in the State Hospitals, but we may make application for subsidy and the town will be reimbursed \$5.00 per week for each patient in these Hospitals, that, of course, is turned over to the Town Treasurer, therefore, the money is not returned to our Department, and that is the reason we must have a larger appropriation than in

the past. In reality, it does not cost the town any more, but it does our Department.

We now have 10 patients in T. B. Hospitals, 1 for Scarlet Fever, and 3 waiting to be admitted for T. B.

On December 10th, this Board adopted new quarantine regulations; these regulations are approved by the State Board of Health and are those used by them. The Board adopted these rules upon the recommendation of the State.

Inspection of all Barber Shops in town were made by an Agent of the Department of Public Health, and a report was made to this Board. Recommendations for improvements were made, and the Board made a tour of the town, in Barber Shops where improvements were needed and more sanitary conditions required.

In June the Board made a tour of inspection of all Dairies and Farms in Milford and surrounding towns, wherever milk was being sold in Milford. We found a decided improvement from the previous year.

Several nuisances of various forms were reported to the Board, but upon notification by the Board to the offenders these nuisances were abolished without further trouble.

Measles were again leaders in contagious diseases; Scarlet Fever came second, but both were overcome without any fatalities.

The contract for the collection of garbage was awarded to Harold Shaughnessy. We have had very little trouble in this work with Mr. Shaughnessy in charge. His work has been very thorough and neatly done, also the courtesy of Mr. Shaughnessy to the public has not been overlooked.

REPORT OF HEALTH BOARD PHYSICIAN

To the Milford Health Board:

Gentlemen:—

I have the honor to submit the following report dating from September 1st to December 31st, 1929, as physician to the Health Board.

The Health Board is offering to the community a real health service through its Physician and Nurse. Communicable diseases are investigated, proper quarantines made without undue hardship on the wage earners, but the proper protection of the public ever in mind. It seems wisest to seek sickness, sources of possible contagion, eradicate probable carriers, and by recognized preventive measures check disease before it breaks out by the

frequent inspection of the children as one finds them en masse in the schools.

With the assistance of the nurse 619 pupils were given a physical examination, and the small number of underweights was most noticeable. At the next check up a marked improvement was shown, due I believe, in a great measure to the nurses' contact with pupils and parents and advice given regarding proper diet, recreation and personal hygiene both at home and in the school room.

The outstanding defect noted was carious teeth. One hundred and twenty-three requiring immediate attention. No active communicable diseases were discovered in the class room. Some suspicious cases were visited by the nurse, and seven cases of a contagious nature were found and perhaps a further spread of the disease prevented.

I was very much surprised to find many pupils had never been vaccinated, an unpardonable neglect in these days of enlightenment. One has but to recall the calamity that befell a Town about the size of our own a year ago, where out of some 200 cases only about one per cent of the patients had ever been vaccinated.

Milford is behind many other towns in its activity regarding the prevention of diphtheria. It is to be hoped that in the near future all school children may be immunized thus avoiding the hazards of many lasting chronic ailments resulting from this dread malady. The remedy is Toxin-anti-toxin to the younger school children.

Typhoid fever throughout the state was very low the past year, and the death rate 1% per 100,000. This disease too can be prevented by inoculations, careful guarding of the water supplies, pasteurizing milk and the eradication of typhoid carriers. Milford has evidently one typhoid carrier as cultures taken have proved it to be a source of infection in the family. Three cases were cared for during the month of September, and one other case hospitalized.

Two homes were visited for unreported measles and

whooping cough. Have treated several children for dog bites, and in most cases the dogs were quarantined the necessary period and proved healthy. The enforcement of dog licensing and killing of stray dogs will go a long way toward the prevention of rabies.

I visited one barber shop which was complained of by a patron as not being strictly sanitary, also a food handler who was suspected as a carrier of contagion.

The above practically constitutes the work of four months ending December 31st, outside of minor questions and diagnoses made at my office.

Respectfully submitted,

F. H. LALLY.

REPORT OF THE PARK COMMISSIONERS.

TO THE CITIZENS OF THE TOWN OF MILFORD:—

We herewith present our annual report for the year ending Dec. 31, 1929. The following improvements were made:

ON TOWN PARK.

100 ft. of bleachers on first base line.

286 ft. of 6 in. agricultural tile drain inclosed in gravel with 46 ft. of connections.

Reconstruction of 170 ft. of outlet drain.

A 300 ft. tile drain with catch basins, extending from 3d base bleachers to Spruce street.

300 ft. of curbing, beginning at a point near George E. Stacy school running west 300 ft.

We secured filling for grading of the out-field bank from excavation of Main street at no cost. Our only expense was grading, and loam used for surfacing. For the surfacing 1236 yds. of loam, costing \$5c a yd. was used.

A catch basin taking care of the draining of Town Park was constructed. This insured against damage of property on School street, by the overflow from clogged drains.

125 ft. of cement walk was built near lower Walnut street.

300 ft. of new walk of Holliston trap rock and stone dust where the grading was done, making a favorable walk.

At the drinking fountain a stone foundation and cement steps were built. The overflow was taken care of by draining into brooks.

300 ft. of granulite walk was built on Bancroft Park.

We removed some trees from Draper Park, replacing them, and planting shrubbery at the corners.

This year we bought a small Merry-go-round for the

Park playground. It is the intention of the board the coming year to add more apparatus at the Plains playground. We wish once again to call your attention to the lack of room and shade at the Plains playground, as the board in its annual report of 1928 called your attention to these conditions, as the land adjoining the school is still available. It is the opinion of the board that this matter should be given some consideration. We take this opportunity to thank all those who have assisted us in any way the past year:

EDWARD V. BURNS,
SIMON P. HICKEY,
WILLIAM D. BAXTER,
Park Commissioners.

Report of the Inspector of Wires.

TO THE HONORABLE BOARD OF SELECTMEN:—

I would submit the following report of the Wire Inspection Department for the year 1929, completing fifteen years of this work.

Inspections of interior wiring for the year were as follows:

Certificates issued for:

67 meters for lighting in finished buildings.

22 meters for lighting in new buildings.

33 meters for power in all classes.

15 certificates for changes, additions, and new services.

In addition, there has been the usual large number of consultations and advisory inspections.

As shown by the number of inspections, building conditions have remained much the same as last year, but the use of appliances has increased in number and capacity very rapidly.

The new 1930 Edition of the National Electric Code has just been issued and will be put in force very shortly.

The suspension of car operation by the Milford, Framingham, Hopedale, and Uxbridge St. Ry. has made possible the removal of a great amount of trolley, feed, and private telephone wires and poles for the same, over all the streets served by the cars.

The outstanding improvement of the year, in the eyes of the public, was the removal of the last remaining overhead wires and poles from the business section of Main Street. There was much satisfaction in supervising the placing of fire alarm and police signal wires under ground, making them much more safe and sightly construction. As a part of the same change, all wires have been re-

moved from the front of Town Hall, and new and modern services installed at the rear.

The co-operation of both public service companies in the changes in the business section is acknowledged and appreciated.

The New England Telephone and Telegraph Co. has done a large part of the construction work for the Town in the Main Street changes.

The first of what will probably ultimately be a system of traffic signals is being installed as the year closes, and preliminary work for further signals was installed before the new Main Street construction was completed.

Another change just completed by the Milford Electric Light and Power Co. at a large expense is a new 13,000 volt duplicate feed line from the New England Power Co., making possible the removal of the old line and giving a vastly more reliable power service for Milford and Hopedale. The greatly increased use of electric power for all purposes, has made absolutely reliable supply more necessary than ever before.

Respectfully submitted,

FRED M. DANIELS,
Inspector of Wires.
December 31, 1929

Report of the Town Solicitor.

Milford, Mass., January 8, 1930

Honorable Board of Selectmen

Milford, Mass.

Gentlemen:

The usual routine matters and requests for opinions have been submitted and handled by this department during the year.

One taking of land by eminent domain for the extension of the sewer system under jurisdiction of the Sewer Commissioners has been made and as a consequence thereof, a petition to assess damages for the land taken has been filed by Carlo Barberi and Maria Barberi, and is pending in the Superior Court of Worcester and is the only case pending against the Town of Milford at this time.

The action of equity brought by George F. Birch et als against the Town of Milford, which has been pending in the Courts for several years, together with the action of the Town of Milford against the Town of Northbridge, have been disposed of and settled this year.

The Police Department have made the usual numerous demands for the prosecution of cases involving intoxicating liquors and for the violation of automobile laws.

The greater part of this department's work during the past year involved the handling of matters arising out of the construction of new highways on South Main Street, East Main Street, West Street and Main Street, together with the examination and acceptance of title to the Round Pond, so-called.

In connection with the taking of land on West Street, I am happy to report that out of 32 claims, 28 have already

signed releases, 2 have signified an intention to sign and only 2 are still unsettled.

Relative to the East Main Street taking there still remains unsettled the taking from eight property owners.

I take this occasion to thank your Honorable Board and all of the other boards and officials for the co-operation and assistance that they have given to this department during the past year.

Respectfully submitted,

ALFRED B. CENEDELLA,
Town Solicitor.

DANIEL M. O'BRIEN,
Sealer of Weights and Measures.

REPORT OF THE INSPECTOR OF ANIMALS.

TO THE HONORABLE BOARD OF SELECTMEN:—

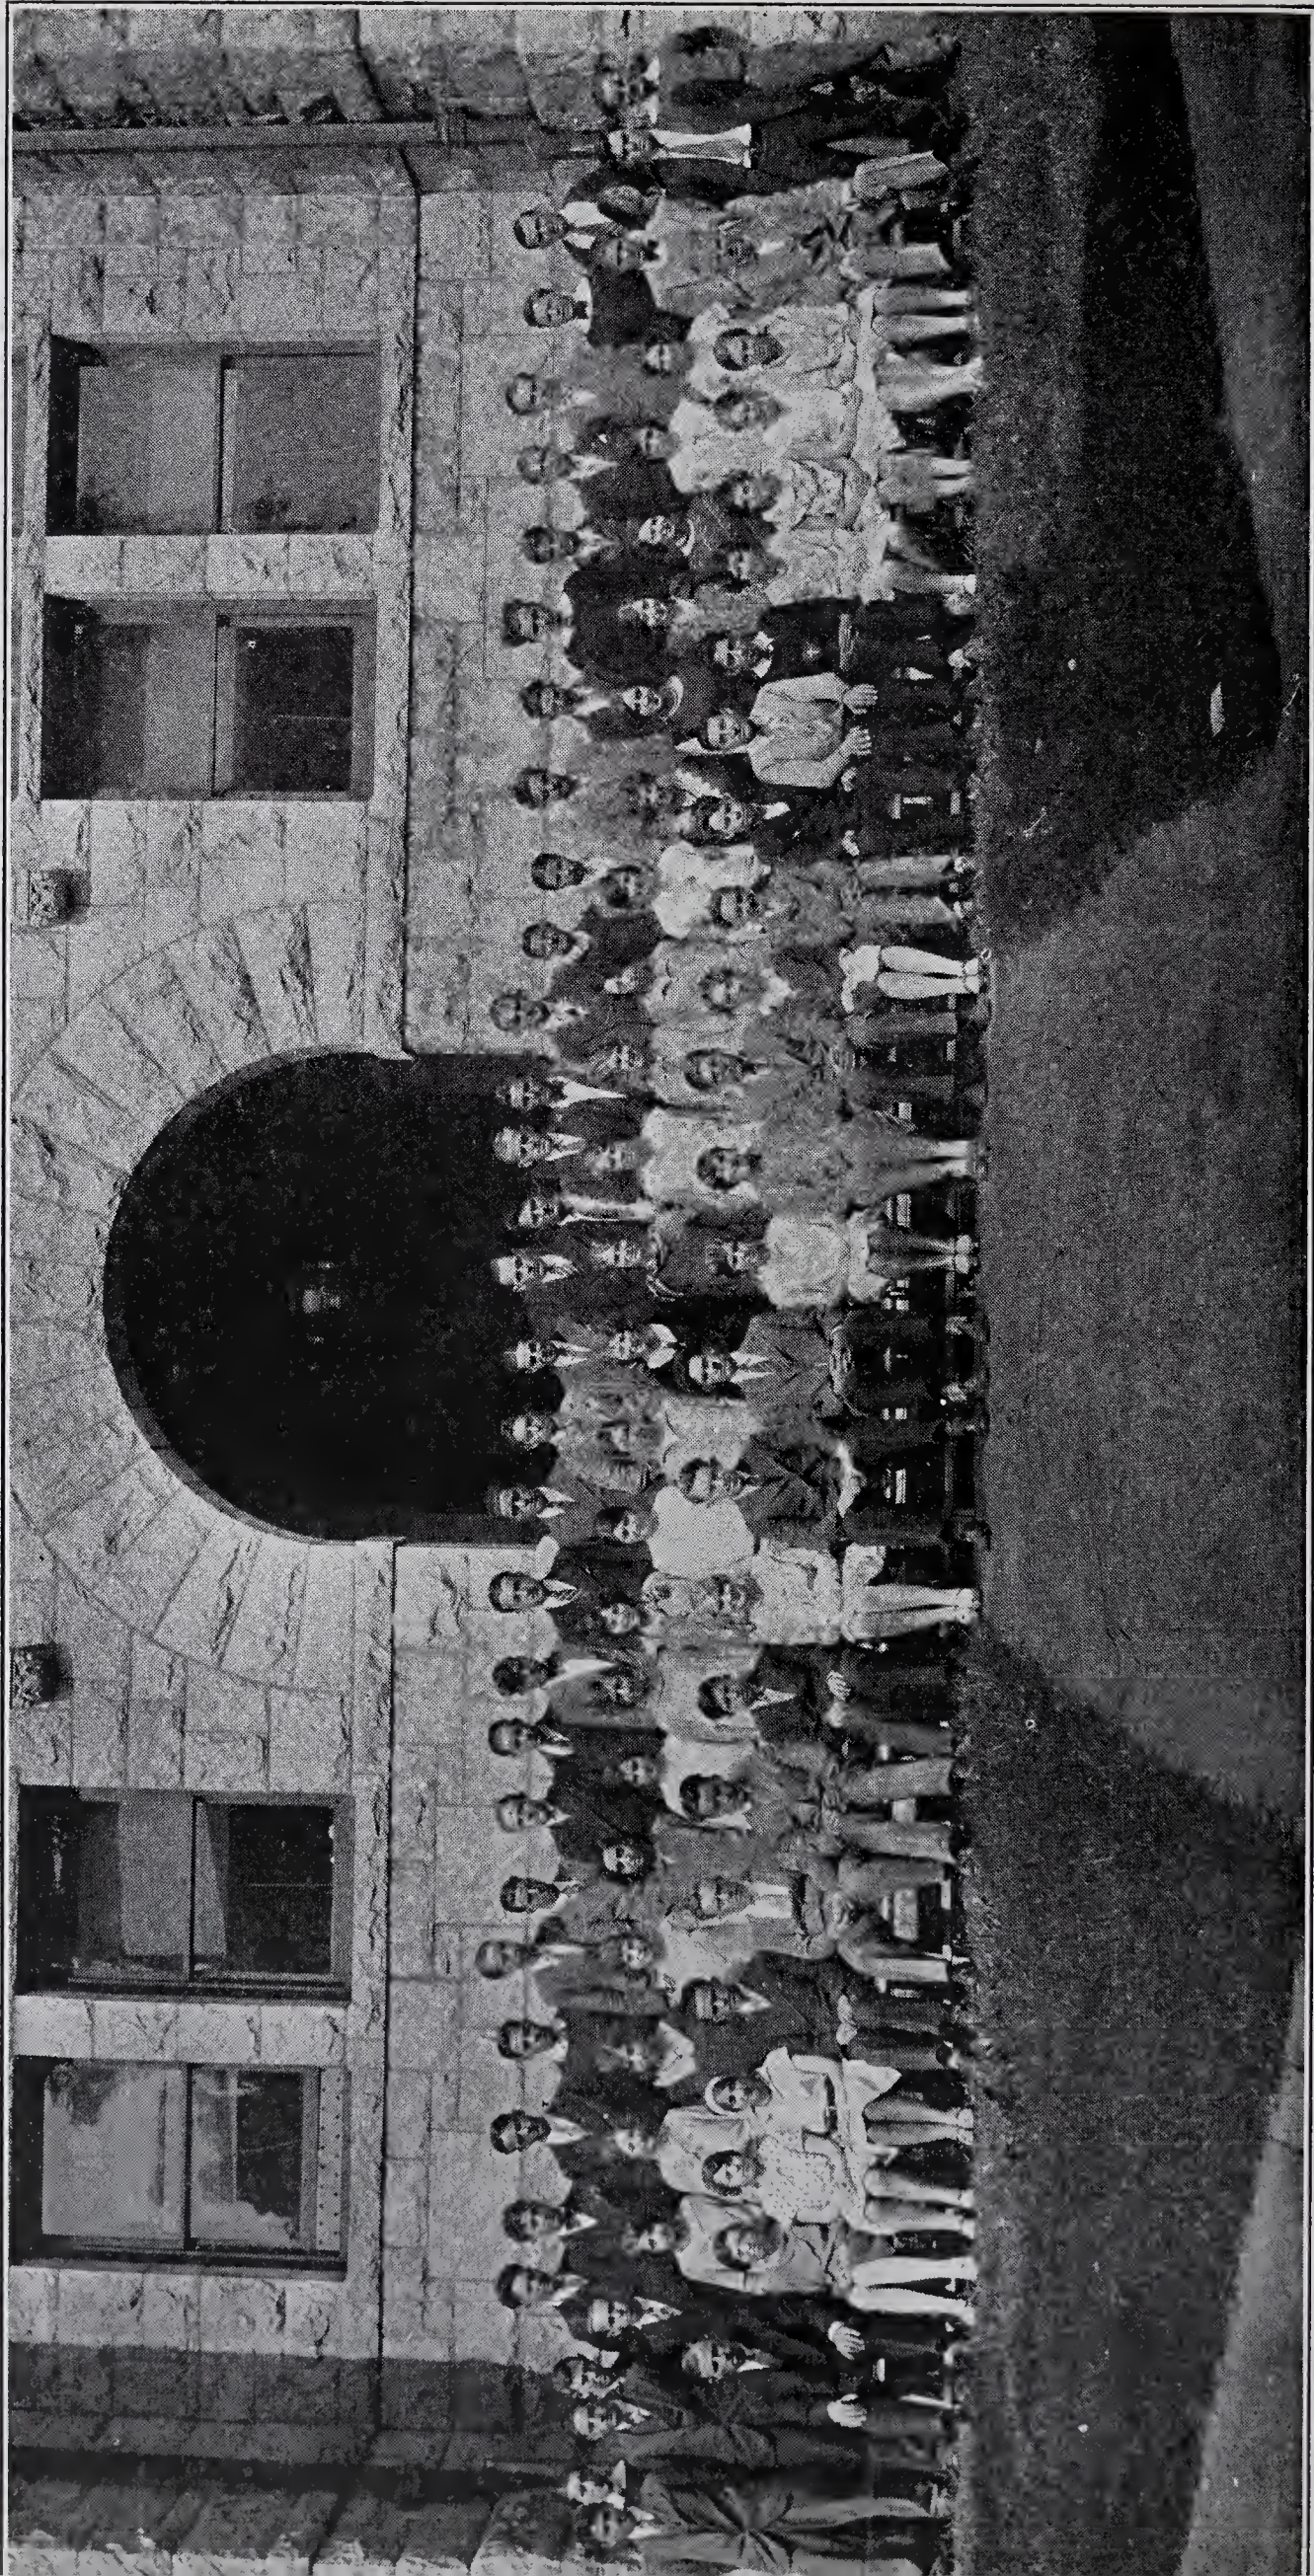

My annual and general inspection shows increased improvement in the health of cattle and swine and in the sanitary conditions surrounding them.

The number of cases of biting dogs investigated shows a notable increase this year, due to the fact that the local physicians have shown a commendable disposition to co-operate with the Board of Health in enforcing canine quarantine laws. However, we have been fortunate in having no positive case of rabies this year.

Respectfully submitted,

DR. B. F. HARTMAN,

Inspector of Animals.

REPORT OF THE SCHOOL COMMITTEE.

TO THE CITIZENS OF MILFORD :—

In the following pages will be found the annual report of your school board, including the report of the Superintendent of Schools, for all of which the committee asks your thoughtful consideration, As in previous years, we are obliged to call attention to continued overcrowding. Double platooning still exists in High school and grades. The committee hopes that this year the voters will end this disastrous condition.

The committee has given careful consideration to the finances of its department and recommends the following budget as necessary for the coming year:

BUDGET FOR 1930.

Teachers' Salaries	\$150,855 00
Fuel	9,000 00
Supplies	10,000 00

Report of the Superintendent of Schools.

TO THE HONORABLE SCHOOL

COMMITTEE OF THE TOWN OF MILFORD,

Gentlemen:—

I herewith present my 19th annual report, the 52nd of such reports in the history of the town.

The most significant fact of the school year and fiscal year under review is the continued overcrowding. The enrollment figures for October 1, 1929 showed the High school membership in excess of that of a year ago* and only a slight falling off in the enrollment of the grades, accounted for by a turn on the part of a few minors from school to industry. If Continuation school figures were included in the comparison, there would be no recession in enrollment at all, as the names of those minors 14 to 16 years of age disappearing from the pages of the regular registers would all reappear in the register of the Continuation schools.

The High school is double platooned now for the sixth year and there are still fifteen half day classes in the grades.

*High school enrollment Oct. 28, 1929, 533, equal to the enrollment for the entire school year, 1928-1929.

A NEW HIGH SCHOOL

The enrollment of the High school as of January 1, 1918, was 347. There were High school divisions resident in the Stacy school from the very date of the opening of that school—March 1, 1917.

Crowded conditions at the High and Stacy schools were definitely pointed out in the school report for 1920-1921, with a definite recommendation by the undersigned—*"More room for the High school."*

"More room must be provided in the central part of the

town, and, make what haste we may, we shall hardly escape a transition period of temporary quarters and arrangements most difficult and unsatisfactory always."

We have had from ten to sixteen double platoons in the grades for the last eight or nine years and the High school has been double platooned for the last six years.

The warning was renewed in the report for 1922-1923:—

"For the last two years, the problem (of overcrowding) has only been handled at all by vastly overcrowding the school rooms that we had. As one year ago in the High school, there are home rooms in the library and two laboratories and classes in the assembly hall, besides classes in three rooms in the Stacy school. Furthermore, the Stacy school, driven out of three of its own rooms, is using the sewing room and Portable No. 2."

"There can be but one result of such educational malpractice, worn-out teachers, half-trained pupils and excessive numbers found below grade."

A TRUSTWORTHY WARNING IN 1922; A DISASTROUS FACT IN 1929.

Definite steps were taken in 1924 and the first of three definite plans that have been proposed in the last five years,—hence often referred to as Plan No. 1,—was announced. This was a proposed addition built on in front of the present High school according to plans, specifications and description by Mr. Robert Allen Cook, Architect, published in the school report for 1923-1924.

This plan failed and at the town meeting in March, 1925, a committee on school accommodations, comprising the School Board, Board of Selectmen and two citizens was appointed to recanvass the entire matter.

The committee on school accommodations already referred to had several meetings during 1926 and Messrs. Robert A. Cook and Wendell T. Phillips associated themselves and presented plans for a modern High school unit to accommodate 500 pupils, to be located at the corner

of Spruce and School streets, to be connected with the George E. Stacy school by an enclosed portico, providing for immediate needs of the High school and so arranged that by overflowing into the Stacy building, with which it would be connected, the future expansion of the High school would be taken care of for the next ten years.

The above plan, No. 2 in the series referred to, at the town meeting in March, 1926, met the fate of its predecessor. As appears in the school report for 1926-1927, the committee on school accommodations, after a number of meetings, reported at the next town meeting plans for a new High school unit with elevation, plans and descriptive matter by the architects, Messrs. Robert Allen Cook and Wendell T. Phillips, Associated, for a new High school to be located in the rear of the present building, extending over into the park and connected to the present building by a closed corridor, two stories and basement in height.

To realize plan No. 3, referred to above, it was necessary to secure legislative permission to take a small section of the town park. Owing to certain phrases incorporated in the report of the legislative committee recommending such enabling act, whereby (1) the entire proposal must be submitted to a referendum and (2) the project could only be taken up at a regular annual town meeting and, furthermore, owing to the fact that the act was not reported back as passed and signed by the Governor until after the regular annual town meeting of 1927 was over, the whole matter was lost for one year. Meanwhile there has existed for six years a situation of extreme overcrowding of our educational system at the top where demands on the students are the most severe—many of these demands fixed by outside authorities, demands in the fixing of which we have no control—and this situation has constantly grown worse until it has been definitely established that under present conditions our young people have an unfair and unnecessary difficulty

in coping with the entrance examination requirements for the higher institutions of learning.

The hour has struck when Milford must decide whether she will provide the plant and equipment for a real High school or continue a policy of inadequate quarters, shortened sessions and lack of equipment calculated to wear out teachers, defraud and discourage students and end in disaster. Fortunately, there are many signs of a general realization of present conditions and the urgency of the need. Attention is called to a recent pronouncement of the Board of Selectmen recommending the expenditure of from \$300,000 to \$400,000 for more school room. I submit:—there has been ample discussion, there have been full explanations, there has been sufficient argument; and I appeal, that by enlightened, forward-looking action in the coming town meeting, an end be made of this situation.

CHANGES IN TEACHERS

High school

ENTERED THE SERVICE

Miss Josephine Calarese as a part-time substitute in the Commercial department.

Grades

LEFT THE SERVICE

November 15, 1929, Miss Helen M. Quirk, a strong teacher in the schools since 1917 and in recent years a teacher of Mathematics in the Stacy school, resigned to accept a position in the schools of Framingham.

Miss Grace B. Higgiston, an excellent teacher in the schools since 1908, resigned October 25, 1929, to become Mrs. Arthur Sprague.

At the close of the Fall term, Miss Teresa K. Julian, teacher of the afternoon platoon at the Fountain Street school, resigned to become Mrs. Elmer K. Trask.

ENTERED THE SERVICE

Miss Margaret M. Gilroy, Milford High School, 1925, Framingham Normal School, 1927, was elected late in

November and assigned to succeed Miss Quirk in the Stacy school.

Miss M. Avis Moran, Framingham Normal School, 1927; assigned to special class Claflin school.

Miss Lillian M. Bellofatto, Milford High School, 1925, Framingham Normal School, 1927, assigned to special sixth grade, Plains Primary school.

TRANSFERS

Miss Isabelle MacLachlan, (with class) from a High school portable to the Plains Primary school.

Miss Rita J. Edwards from Grade III-IV, Plains Primary school to the afternoon platoon, Grade I, at the West Street school.

Miss Regina M. Swift from Grade II, Claflin school to the afternoon platoon, Grade II, West Street school.

Miss Flora M. Youngson from the afternoon platoon, Grade IV, Claflin school to the afternoon platoon, Grade III, Oliver Street school.

Miss Esther L. Gagliardi (with class) from a High school portable to the Claflin school; Claflin school to the afternoon platoon, grades III-IV succeeding Miss Julian, resigned.

Miss Florentia Sennott from Grade V-VI, Plains Primary school to the third special class at the High school portable.

CHANGES IN TEXT BOOKS

Formerly adopted, and introduced during the year: Barber's Junior High School Mathematics, Seventh Grade, (adoption completed); Barber's Junior High School Mathematics, Eighth Grade, (adoption completed).

HIGH SCHOOL

For the sixth year, the High school is double platooned, in antiquated, inadequate quarters, without assembly hall, library, gymnasium, lunch room or sufficient labora-

tories. Principal Thomas J. Quirk's report is as follows:—

"On October 28, 1929, 240 boys and 293 girls were attending the High School.

"The only change in the personnel of the faculty during the year was the addition of Miss Josephine Calarese, a graduate of our school, and a graduate of Bay Path Institute, as a part time substitute teacher in the Commercial Department.

"Several changes have been made in home room assignments and a new physical laboratory has been provided by remodeling the old sewing room of the Stacy School. Some alterations were made in the chemical laboratory which have greatly assisted us in our laboratory work. In September, cooking was elected by 24 pupils who are taking the subject in the Continuation School cooking room. The instructors, student teachers from Framingham Normal school, are doing excellent work.

"The commencement exercises in June were excellent. A complete list of the graduates and the program will be found in this report. As usual, Miss Dorcas Whipple, Supervisor of Art, had charge of the beautiful decorations at the Town Hall and Miss Helena F. Swift, Supervisor of Music, conducted the excellent musical program. Hon. John C. Lynch, the genial chairman of the School Board, presented the diplomas to the graduates and spoke impressively on Education. The following awards were made near the close of the exercises:

"The four Patrick Peace Prizes, offered by Mrs. Cora Cushman of Hopedale, daughter of the late Henry L. Patrick, were won by students of our High school. The subject this year was "The Kellogg Peace Pact—A Guaranty of World Peace." As usual the students from Mendon, Hopedale and Milford High schools competed. The first prize of \$25 in gold was awarded to Gordon A. Shaw, president of the Senior Class; the second prize, \$20 in gold to Pearl W. Rose, '29; the third prize, \$15 in gold to

Anthony Ferrucci, president of the Junior Class; the fourth prize, \$10 in gold to Evelyn Merrilees, '29.

"The Dr. John V. Gallagher medal, given annually to the student in the Senior Class who earns his letter in Athletics at least three times and obtains the highest scholastic average of those eligible for the prize was won by James A. Sibson, captain of the football team and a member of the baseball team.

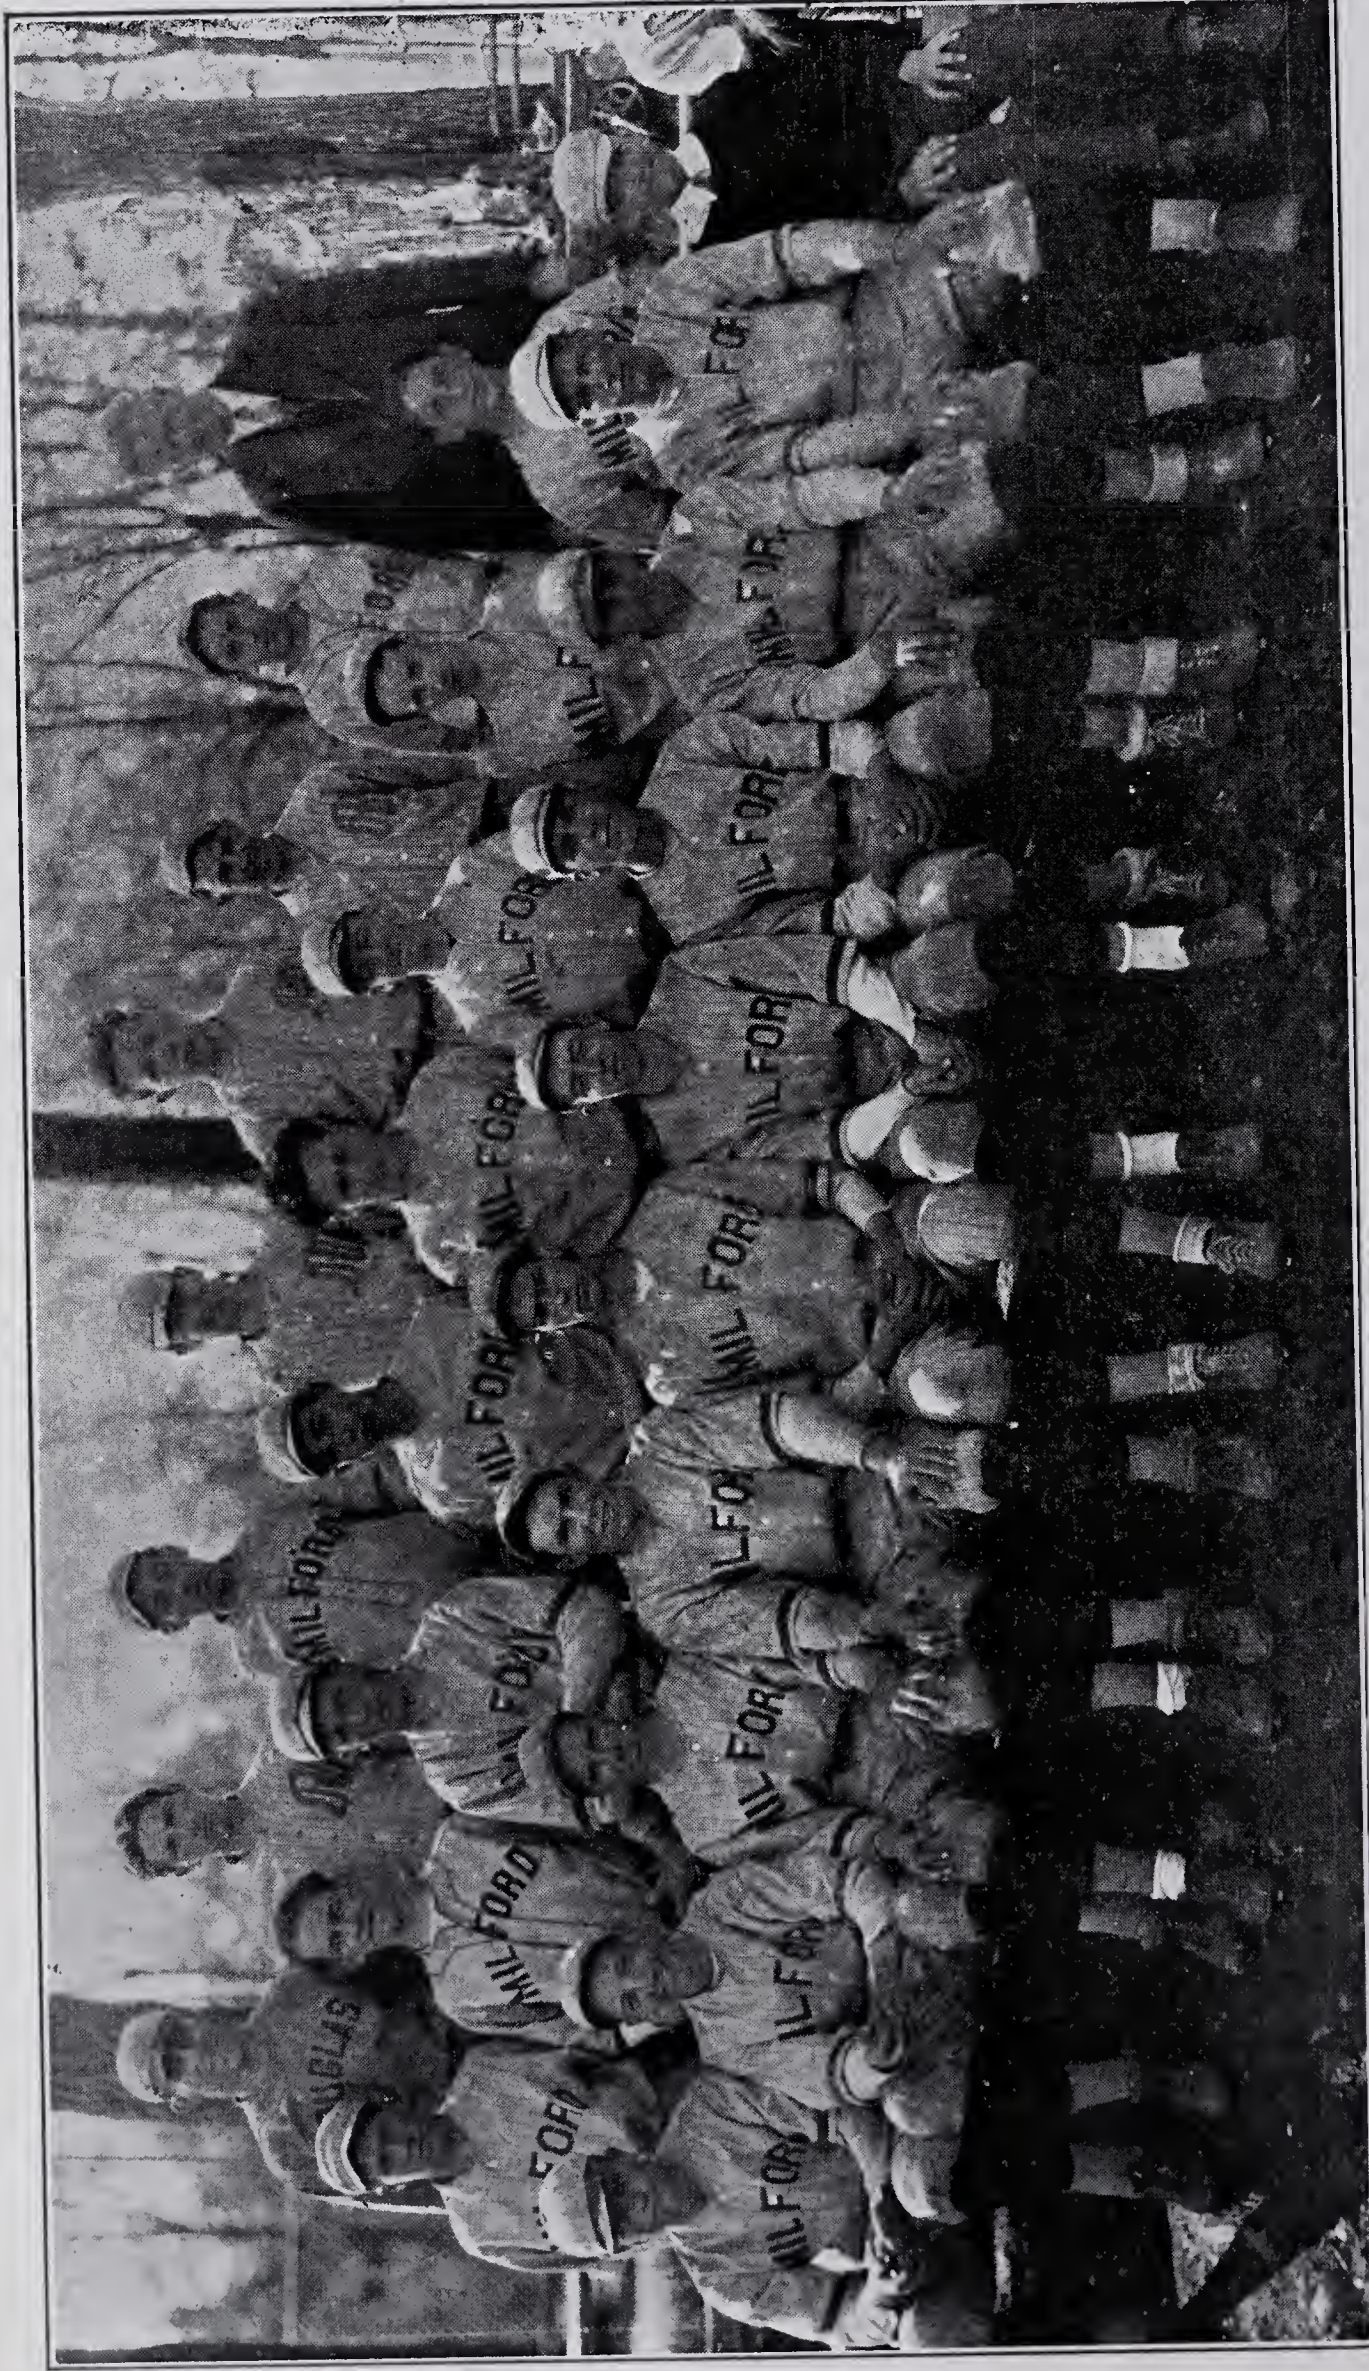

"The Washington and Franklin medal, given for excellence in the study of U. S. History, was awarded to J. Russell Brown. This medal is given annually by the Massachusetts Society, Sons of the American Revolution.

"Two medals, given annually by the National Society, Sons of the American Revolution awarded on the basis of dependability, co-operation, leadership, personal conduct and patriotism as evidenced by loyalty to and the knowledge of the Preamble of the Constitution were awarded to Anna C. Boyle representing the girls and Laurence F. Granger, representing the boys. These medals were presented to the school by a member of the W. R. C., No. 72. The winners of these medals in addition to eight others submitted essays on the subject "The Hall Mark of a Real Citizen" and a prize of \$10 in gold, given by this same friend of the school, was awarded to Laurence F. Granger.

"The book prize given by the Class of 1917 to the member of the graduating class having the best record in the classical subjects of History, Latin and English was won by Pearl W. Rose. Raymond Peterson ranked second and was awarded a book—the gift of a friend of the school.

"The book prize given by the David Garrick Dramatic Club to the senior who rendered the most faithful service during his two years membership was won by Charles L. McGee.

"The Posture medal, given annually by Miss Sadie A. O'Connell, teacher of Expression, to the student of the Expression Class who has shown, by the end of the year,

MILFORD HIGH SCHOOL BASEBALL CHAMPIONSHIP TEAM, 1929.

MILFORD HIGH SCHOOL CHAMPIONSHIP FOOTBALL TEAM, 1929.

the greatest development in posture was presented to Lily E. Lawson.

"Another beautiful prize was added to our Commencement awards when Mr. John E. Swift, a member of our school committee and a graduate of our school informed me that he planned to present annually a gold medal for excellence in oratory. In order to award the Swift Medal an oratorical contest was held in the Assembly Hall in June and seven students took part. At its close three non-resident judges unanimously awarded the medal to Paul J. Apicella, '29. This oratorical contest, in the future, will be held annually in February and the medal will be awarded at the commencement exercises the following June. As time goes on a great deal of interest in oratory is sure to be stimulated.

"The awarding of medals and prizes at commencement time arouses much interest in the various branches in which the awards are made and I hope other public-spirited people in Milford will offer prizes for Excellence in the different branches of learning.

"The class of 1930 conducted its Junior Prom in the Red Men's Hall early in 1929 and the party was a great success. Several small dances and the annual May dance were held under the auspices of the Senior class. The receipts of the dances were placed in the class treasuries.

"A debating club was formed in the Freshman class last year and has been functioning well under the guidance of Miss Inez SanClemente. Several debates were held during the year and it is hoped that a Sophomore vs. Freshman debate can be held during the middle of April.

"The annual issue of the Oak, Lily and Ivy was published in June. As usual, Miss Marion A. Ryan of the English department directed the literary work and Lillian L. Egan had charge of the advertising. Sweaters were purchased for those who earned their letter during the school year 1928-1929 from the receipts of the publication.

"The David Garrick Dramatic Club had a number of

very successful meetings during the year and presented to the public on May 27, three plays, "The Unseen," "Manikin and Minikin" and "The Three Gifts." To Miss O'Connell, director of the club and those who took part in the plays, I extend my congratulations for their excellent work.

"One of our Seniors was awarded one of the ten main prizes in the Boston Traveler Short Story Contest, open to students of the High Schools of New England. The tenth prize, \$5 in gold was won by J. Russell Brown with his story "The Gold Star". "Laughs" by Miss Lily Lawson was one of the "Stories of Distinction" and Miss Grace Oliveri's story "The Miser's Fate", was printed in *The Traveler*. I am very much pleased at the success of these students and I wish to compliment Miss Ryan.

"Early in the year a French Club was organized by Miss Margaret Pianca, teacher of French and German. This club meets weekly. Much extra reading in French is done and the results of this club are most satisfactory.

"The year 1929 has been most eventful for our Athletic teams. Our third baseball pennant in four years was captured by the baseball team and our first Midland League football pennant in a quarter of a century was won by the football team. The whole baseball season was very successful and the football team was one of the best that has represented the school in years. The team won eight of its ten games. The baseball pennant was presented to the school in November by Mr. Alfred J. Riani, secretary of the Midland League and was accepted by the principal of the school. At the assembly, Superintendent Caswell, Coach Riopel and sub-master Berry spoke. The 1929 football pennant will be presented to the school early in January. To Mr. Albert D. Riopel, physical instructor in our schools, I extend my congratulations and to the boys who represented our school on the diamond and the gridiron I offer the highest praise. Miss Agnes R. Lynch of the Commercial Department has faithfully served as

assistant treasurer of the Athletic Association during the past year.

"The following gifts were received during the year: Class of 1929—\$22.71 (added to the Honor Roll Fund). Mr. Herbert L. Holmes a graduate of our school in the class of 1871,—ten volumes of "Miller's Photographic History of the Civil War", one volume of "Putnam's Archaeological Exploration in Tennessee", one volume of "Walks and Talks in the Geological Field", one volume of "Panama Canal" and one volume of "Pictures of Famous Scenes, Cities and Paintings."

"In last year's Town Report mention was made that a number of volumes were presented to the High School Library by Miss Eurania A. Lawrence. It should have been reported that these volumes were the gift of Miss Nettie E. Day, class of 1875.

"I cannot too strongly impress upon parents the need of a stronger co-operation between the home and the school. I have found that in a number of cases parents are careless about the attendance of their children at school. In many instances I have learned that very little or no home study is done. Finally, it should also be mentioned that a closer vigilance over the progress of your sons and daughters would be very helpful to their progress in school. There is very little or no time in school for the preparation of lessons because of our crowded conditions. Indifference about attendance in school usually brings about failure.

"I should like to recommend that a Summer School of six weeks be established. Such a school would offer to the students of the first and second year classes an opportunity to make up deficiencies and to take one semester's work in an advanced subject.

"During the past year our janitor M. Marcus Moran passed away after a faithful service of a quarter of a century and his loss was keenly felt by the faculty and the students."

GEORGE E. STACY SCHOOL

On the year's work of the Stacy school, Principal Davoren comments as follows:—

“The only major change made in the administration of the Stacy school during the past year has been the installation of a system of permanent records. This system provides a complete history of the child's scholarship, health, and social record during attendance at the school and his industrial career after leaving.

“The Mothercraft class, sponsored by Quinshipaug Woman's Club and taught by Mrs. William E. Sherborne, has maintained its popularity as an elective course and should prove a valuable training for the girls who receive its benefits.

“The trustees of Milford Public Library have provided a mimeographed list containing the titles and authors of over 1,000 books for our library reading course. This list was prepared by the teachers, in co-operation with Miss Blake and contains only such books as are considered sufficiently valuable to be used in conjunction with our reading and literature courses.

“All rooms are now provided with the recently adopted “Barber Junior High School Mathematics” and the eighth grade algebra classes are using the Johnson and Belcher Algebra text.

“Through Mr. Quirk's kindness in arranging his schedules we have been allowed the use of the High school assembly hall. This overcomes one of the chief difficulties the Stacy school has had to contend with;—the lack of a suitable meeting place for the presentation of special programs. The first assembly was in the nature of a Thanksgiving program and other programs are in process of preparation.

“Medals, offered by the D. A. R. for good scholarship and school citizenship, were won by Mary Deletti, Lawrence Doyle, Pia Canal, Biagio Tomaso, Lena Ramelli, Arnoldo Tedeschi, Alyce Youngson, Joseph Alberto,

Harold Mattson, Catherine Iacovelli, William Grillo, and Elsie Lamborghini.

"Lawrence Doyle and Mary Deletti were awarded American Legion citizenship medals at the Memorial Day exercises held in the Town Hall. These medals are awarded annually to the boy and girl in the graduating class who best typify prescribed standards of character and scholarship.

"Miss Catherine Naughton was the winner of the five dollar gold piece presented by Principal John L. Davoren for the best book report written during the year. Miss Ethelwyn Blake was chairman of the committee of judges which chose Miss Naughton's report on 'Captains Courageous' as worthy of the prize."

GIFTS DURING THE YEAR

In addition to High school gifts already enumerated there were gifts to grade schools during the year as follows:

Park school: A window box from the Quinshipaug Woman's Club.

Spruce Street school: A Columbia grafonola and records from Mr. Henry L. Schultz; Grade IV, 1929, donated 84 books for a school library (64 of the above were from Miss Florence Cenedella).

Oliver Street school: From the teachers of the school, furnishings for a rest room—couch, table, chairs, a picture, a rug and draperies, Grade IV presented a picture for their room.

Purchase Grammar school: A silk flag by the Women's Relief Corps.

CONTINUATION SCHOOLS

GIRLS' SCHOOL

From Miss Quirk's report of the school, I quote:—

"Sixty-three pupils were enrolled in the girls' continuation school during the first week of school and at present, eighty-three pupils are enrolled. The total enrollment is about twice that of last year.

"In the academic classes, instruction is given in English, Hygiene, Citizenship and Arithmetic. Much interest is shown in the Foods and Clothing classes. The choice, care, preparation and serving of health-giving and body-building foods and the making, care and repair of clothing are taken up in these classes. This year many attractive and useful Christmas gifts were made. The girls are encouraged to plan and to make clothing for the younger members of their families as well as for themselves."

BOYS' SCHOOL

"The boys' continuation school began sessions on Sept. 4, 1929, with classes on Wednesday, Thursday and Friday afternoons. The mornings of Thursday and Friday being used for records, follow-up work, preparation and machine repairs.

"The enrollment at the start was 54 pupils. This number increased to 75 pupils so rapidly that on Sept. 18, 1929, an extra class was held Wednesday morning.

"The work of the pupils has been the same as in previous years, with slight changes to fit individual cases.

"In the follow-up work some conditions were found not according to law, but these were soon corrected.

"Better facilities for handling this school are needed, storage room for raw and finished materials and more varied equipment."—*Mr Chilson's report.*

NIGHT SCHOOL REPORT

"Night school opened October 7th and closed on December 18th. The length of the session was eleven weeks. The average membership was 30. The percent of attendance was almost 87. Ages ranged from 16 to 44 years. With the more regular attendance this year the teachers were able to accomplish more than in the previous years.

We had seven races represented—Italian, Armenian, American, Lithuanian, Polish, Jewish and Russian. The number from each follows in the same order—21, 10, 5, 2, 1, 1, 1.—*Principal F. C. Berry.*

SPECIAL CLASSES

Early in the fall, it was possible by some reorganization in the Claflin and Plains Primary schools to add to the comfort, and largely extend the educational opportunity, of the special classes, that, up to then had been housed in the High school portables with an afternoon session from one to five o'clock. The two classes, each of which was getting too large for one teacher to secure the best results, were redivided into three classes by localities, so that one class, living in the Plains district, could be sent to the Plains Primary school; another, living close to the Claflin school, could be sent there and the third, whose members were as near the portable as anywhere, could continue there. Thus the classes have been made smaller, a distinct advantage educationally, two thirds of the whole group have been given an all day session, in place of a half session, in their own neighborhood, with no necessity for transportation, decidedly to the improvement of the attendance of these pupils.

CLAFLIN SCHOOL GROUP

Miss Esther L. Gagliardi, teacher of this group through the fall gives her impression of the change substantially as follows:—

“As a result of my experiences with the class at the Claflin school, I found that although this arrangement decreased the number of children in the class, it placed in one class children ranging from nine to fifteen years of age with no two pupils doing the same grade of work. As a result, the amount of individual work was considerably increased and the problem of busy work arose.

“No assignment for study can be given to this type of group for busy work, the only solution found was hand-work and drawing for which every pupil, without exception, showed marked ability. With what materials they were able to procure for themselves, their attempts along this line were highly successful and commendable.

“Thus the smaller class and longer hours gave the class

more time for individual work and created for them the new subject—handwork—which, I think, should be the outstanding feature of every atypical class. With adequate handwork material the atypical classes of the Milford Public schools would be a credit to the town.

“The group division resulted also in a marked improvement of the daily attendance, registering few un-called-for absences and tardy marks.

“The class at the Claflin school had one difficulty to face; that is, age difference. When placing a subnormal group of twelve children from nine to fifteen years of age, with children of normal mentality from six to ten years of age, one can see that there is little for the older child to gain from the younger and there is much that the younger child can lose by contact with the older. Consequently the two groups in this particular instance did not fit together. If, in the future, it should be possible to place them with children nearer their own age it would surely be to their advantage.

“Altogether the group division obtained for the class the results aimed for, and although only four months in session the class as a whole shows noticeable improvement.”

PLAINS DISTRICT GROUP

Miss Isabelle MacLachan, teacher of this group, has this to say of the new grouping:—

“Naturally the classes are smaller which fact gives greater opportunity for individual work; a shorter walking distance to the school for the pupils, resulting in less tardy marks and better attendance; a five-hour day, which gives an increase of five school hours each week.

“Their departure from school at 3:30 is an advantage over last year’s hour—five o’clock, when it was dark and some children had a long distance to walk.

“There are thirteen pupils in the Plains Special Class compared with twenty pupils of last year. Their ages range from ten to fifteen years.

"The subjects taught are Reading, Arithmetic, Language, Spelling and Hygiene, according to the needs of each child.

"More time is given to Drawing and handwork, this year, and some children who cannot do creditable work in other studies show great interest and good results in this line of work.

"All this indicates that the new arrangement is an improvement."

PHYSICAL EDUCATION

Mr. Albert D. Riopel, Physical Director and Coach, comments on the year under review as follows:—

"It is extremely important that pupils of the grammar school age should develop health habits and a health conscience.

"Children should early be made to realize that they are to have only one body in this life and that this body must be nourished by proper diet and developed by suitable exercise if they are to live useful and happy lives.

"It has been my constant endeavor as Physical Director to impress upon the minds of the pupils the importance of good posture, exercise, good food, sunlight, fresh air and pure water. To this end, the work has been carried on in the grammar schools in much the same way as in former years.

"In the High school the major emphasis has been placed upon athletics.

"The teams of the school have been successful as never before. The baseball team is again champion of the Midland League. In football, Natick, Milford High School's chief rival, was defeated for the third time in 25 years and for the second time since entering the Midland League, the Milford High School football team won the League championship.

"The victories were all the more glorious because of the extreme youth and the light weight of the players.

What the boys lacked in weight, however, they made up in speed and aggressiveness."

MUSIC DEPARTMENT

"In our work this year, we have endeavored to teach Music both from the aesthetic and technical points of view.

"In the primary grades, stress has been laid on the three essential qualities of music: freedom of tone, resonance and rhythm.

"A new series of books have been introduced into the intermediate grades, which emphasize that side of music resulting in a sense of appreciation, rather than in a development of technique. However, much technical work has been done in these grades. These books are a great contribution in their special field.

"Brief though our time is, we have succeeded in developing excellent work in the Stacy school where songs in three and four parts are studied, with attention paid to the technical side of music.

"Our high school classes, numbering over 200, have studied many of the standard classics arranged by the greatest composers. Good results have been attained. It is pleasing to note that many of our girls attending Normal school have been selected as glee club members.

"As has been my suggestion in previous years, I still recommend the purchase of a musical instrument as an aid toward appreciation of good music.—*Report of Miss Helena F. Swift, Supervisor.*

ART DEPARTMENT

"Art is something to make the heart beat a little warmer. It won't make life longer but it will make it richer."—*Homer Saint-Gaudens.*

HIGH SCHOOL

The art lessons are planned by the supervisor with the idea primarily of benefiting the greatest number of untalented students. To the student with unusual talent in

some particular line of art, special problems along that line are given him to work out. If his talent is toward architecture, then plans are drawn, blue prints are made, iron gateways are designed, etc. Thus the student's interest is more easily aroused and splendid work is the result. Special problems have been the making of miniature stage settings; the modeling and casting of a head for a wall plaque; stained glass window designs, and seals for stationery, costuming of figures, etc. In competition for the Commencement cover, five very fine designs were worked out, the one by Evelyn Merrilees being accepted.

The cover for the Oak, Lily and Ivy was made by Natalie Cumming, while headings for the columns were drawn by Doris Nash, Rena Richards, and Natalie Cumming.

One graduate of the 1929 class is studying art at a higher institution.

STACY SCHOOL

The art classes in the Stacy school are having much the same type work as previously, with special attention given to the appreciation of famous paintings.

Although a few posters were sent to the Savings Bank contest, most of our enthusiasm and effort was directed this year toward the Mass. Society of Prevention of Cruelty to Animals contest. Three first prizes, two seconds, and two honorable mentions were awarded us in this contest.

The Christmas project was the making of a tinsel picture—a picture painted on glass and mounted on tinfoil. The project not only developed originality but brought out salesmanship and gave some of the boys an opportunity of cutting glass to the required size.—*From the report of Miss Whipple.*

For the past year in addition to the usual fundamental drawing lessons the children in the first six grades have drawn illustrations and free brush designs. They have

also made attractive decorations for the class rooms and windows.

The Society for Prevention of Cruelty to Dumb Animals offered prizes of medals for the posters having the best ideas for their work. Although poster work is a difficult subject for such young children they succeeded in submitting some very acceptable posters. The fifth and sixth grades won three first prizes, four second prizes, and twelve honorable mentions.

It has been most interesting to see the results accomplished in drawing, painting, and handicraft in the atypical classes. The teachers conducting these classes deserve great credit for their unfailing interest in a work that seems to have a special appeal to these children.—*Report of Miss Condon, Asst. Supervisor (for the grades.)*

SCHOOL SAVINGS

The following statement by Mrs. Brooks of the Milford Savings Bank indicates the success of School Savings of the year under review:—

“This is the fifth year of School Savings and the pupils and teachers are to be commended for their record, which is the best that has ever been attained. At the close of the

fall term, December, 1929, there were 2262 pupils participating in School Savings out of 2319 enrolled in the Public Schools or 97.5%. The average number of weekly depositors has been 1888 or 83.5% average weekly record for those enrolled in Thrift work. The largest number depositing on any one bank day was 1980 on October 8. The largest number of rooms on Honor Roll, above 80% of pupils depositing, was 52 out of 67 rooms. This fine record occurred four times. The lowest number of rooms on Honor Roll was 40 on December 17. The average weekly deposits this fall have increased 123 over the number in the fall of 1928.

“Thrift Certificates were issued to 49 rooms,—the largest number ever. There are 10 out of 15 buildings with every pupil a School Saver and two other buildings, South Grammar and Oliver St., with all but one saving. The 100% buildings are: Spruce St., Purchase Primary, Purchase Grammar, Bear Hill, Hoboken, Fountain St., Chapin St., Claflin, Park and West Sts. Rooms receiving a Thrift Certificate are:

“Milford Schools made a good record of 95% in the National Bulletin of School Savings work throughout the United States for the school year 1928-1929. The Milford Savings Bank hopes for a higher record if possible for the bulletin at the close of the school year in June, 1930. This would necessitate the regular weekly deposits. The following extract from the National Bulletin seems of importance to those interested in Thrift work in the schools: “All education is based upon the idea that the teaching in youth will become the practice in adult life, and this rule may be applied to School Savings as well as to other subjects. The instruction and practice in the meaning and use of money in the public schools of the United States will, without doubt, bring in ensuing years better understanding of the factors affecting our National life.”

LIBRARY READING COURSE

In his account of the work in the George E. Stacy school for the year under review, Principal Davoren re-

fers to the Library Reading Course. In the Library report of Miss Ethelwyn Blake, Librarian, there is a more complete account from which I quote:—

“State Certificate Reading was used for the fifth and sixth grades, with results shown on another page. Another registration is now running until the close of school in June.

“Stacy school pupils were provided with cards and books as last year. The same system was used, the books left at the library at noon, and sent to the school at recess; certain specified rooms exchanging books, Mondays, Wednesdays and Fridays. This necessitated the usual eight or ten hours a week extra work by the librarian, but the results are worth it.

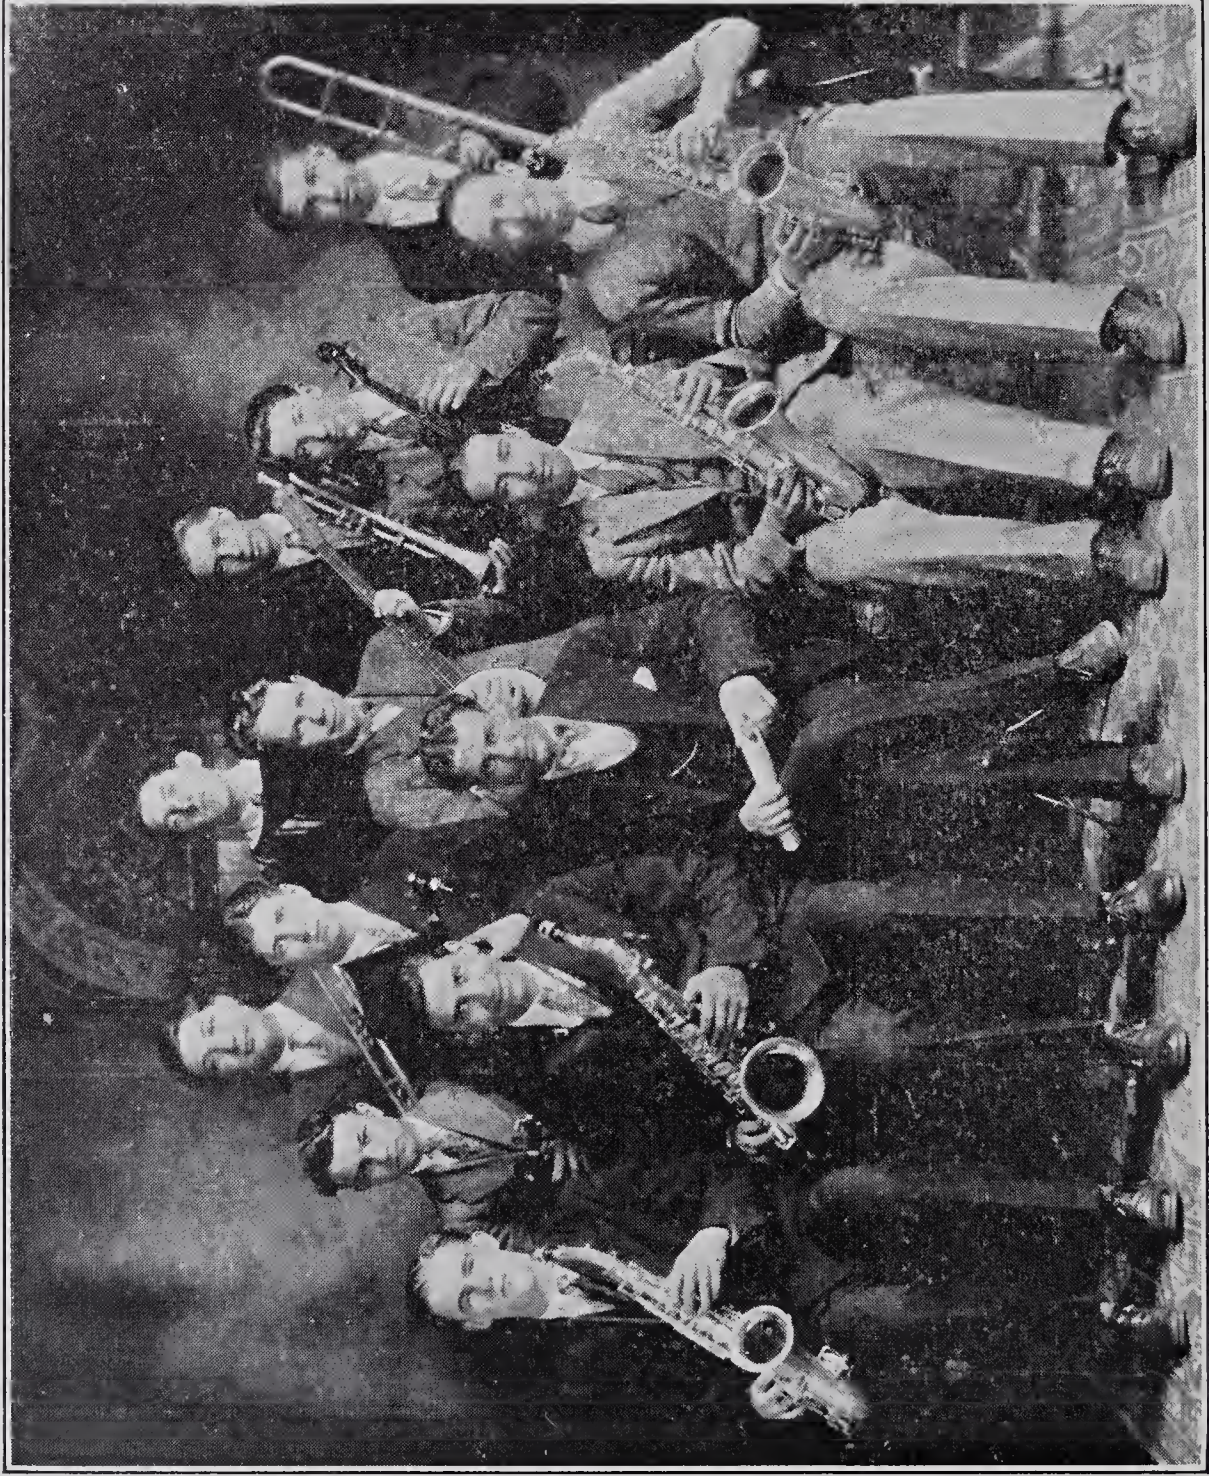

“One hundred sets of the lists of books selected for the use of the Stacy school, were mimeographed by the pupils of the High school, through the kindness of Principal Thomas J. Quirk and the typewriting department. Thus each of the fourteen teachers has a list and can direct the reading of the pupils so that the best results may be obtained.

“Principal Davoren offers five dollars as a first prize for the best book review. The librarian has offered a second and third prize.

“In order to encourage children to use the public library and to become acquainted with a few of the best books, The Massachusetts State Board of Education, through the Division of Public Libraries, offers a certificate to any child who reads and reports on five books in a stated list. Honor Certificates may be given to any child who has won four ordinary certificates provided at least five of the books read are non-fiction.”

STATISTICS

“199 children read at least 5 books and won an ordinary certificate.

MOTHERCRAFT

This subject has made a place for itself among the co-operating agencies and a large number of our girls have come under its beneficent ministrations. The work

this year was under the direction of Mrs. William F. Sherborne who comments as follows:—

“Forty-nine pupils were selected by Principal Davoren to take the course in Mothercraft in the Stacy school this year. A donation of \$52 to further the work of the classes has been received from Quinshipaug Woman’s Club. This money has been placed on interest until such time as a suitable room can be provided for the proper Mothercraft teaching and housing of material used in the lessons.”

PLUMBING AND HEATING

The usual summer overhauling of heaters and ordinary repairs during the year.

NEW FENCING

New Page wire fences were installed in front of the Purchase Grammar school, as well as in front and along the north side of the Fountain Street school for 75 feet.—A. P. Clarridge, \$490.00.

EMERGENCY REPAIRS

Just before the opening of the fall term of school it was found that in an orgy of window breaking mostly in one district, over 300 panes of glass of various sizes had been broken out. All were reset in time for the opening of school.

Late in the fall term, Laboratory No. 19 in the High school was flooded and about two-thirds of the ceiling in Room 10 fell or had to be taken down.

SPECIAL REPAIRS AND IMPROVEMENTS

Chapin street school.

The modernization of the Chapin Street school was completed, a new Mills sectional boiler was installed as well as a Univent indirect heater and direct wall coils in each of the three rooms. Contractor, M. S. McMahon; contract price, \$3,650; R. A. Cook and W. T. Phillips, Associated, Architects, \$223.00. New slate blackboards were installed in all the rooms.

Bear Hill school.

Jacketed heating system with turbine ventilator in-

stalled at the Bear Hill school. F. A. Gould, Contractor, \$110.00. (Nearly new heater already in use, part of the equipment.)

Resurfacing playground at the South school.

During the summer vacation of 1929 the playground at the South school was rolled, resurfaced and rerolled. The yard was regraded and given a gentle slope from the front of the building to the street, establishing a proper grade for a playground and giving it sufficient pitch to carry off surface water. There was used in this reconstruction 180 yards of gravel purchased of Byrne & Varney, \$198.00, 80 yards of stone and 78 yards of sand purchased of Melvin Sand Co., \$277.00, and labor, \$60.50; total, \$535.50. The material was graded and rolled under the direction of Mr. George Anderson, janitor of the South school.

ACCOMPLISHED DURING THE YEAR

EDUCATIONAL

1. The High school is still in Class A.
2. Milford students won all four Patrick peace prize essays last Spring.
3. Milford students won 28 prizes and honorable mentions in the M. S. P. C. A. and American Humane Education prize poster contest.
4. A Milford High school student shone in the Traveler short story contest.
5. One hundred and forty-eight children won honor certificates (20 books—5 non-fiction) in the library course.
6. The school children saved \$16,111.87 during the year.
7. A complete introduction of new mathematics text in the Stacy school and a nearly complete introduction of new music text in the grade schools.

MATERIAL

1. The Chapin Street school was completely modernized.

2. The Bear Hill school was equipped with a heating unit similar to those at Fountain Street and Braggville.

3. New steel fences have been installed at Fountain Street and the Purchase Grammar school.

4. The resurfacing of the yard at the South school was completed.

5. A second Physical laboratory has been installed in the basement of the Stacy school building.

CLERICAL

A new system of permanent records of pupils has been worked out and installed in the Stacy school.

RECOMMENDATIONS

Educational:—

1. Introduce a new set of Hygiene books into the schools.

2. Employ a Penmanship supervisor.

Material:—

3. Put steel fences along the streets at Braggville and Chapin Street.

4. Paint the Park school and the three buildings in the Plains district.

5. Modernize the Purchase Grammar school.

6. Resurface the yards at Hoboken, Chapin Street and the Plains district.

Educational and Material:—

7. Build a new High school.

In conclusion, I thank all my associates for faithful service (under adverse conditions in many cases.) I beg, at this point, to express a word of gratitude to your committee for continued consideration, and appreciation of your repeated efforts to provide more and better school-rooms.

Respectfully submitted,

ALMORIN O. CASWELL,
Superintendent of Schools.

Report of the School Physicians.

Milford, Mass., January 13, 1930.

To the School Committee of Milford:

Herewith we submit the report of our findings in our annual inspection of the schools of Milford for the year, 1929, as follows:—

PRIMARY DEPARTMENT, Number of Pupils, 1257

No. of normals, ...	153, or 12 percent
No. having only slight defects, ...	434, or 35 percent
No. having serious defects, ...	670, or 53 percent
No. having mouth and teeth defects,	816.
No. having nose and throat defects,	682.
No. having miscellaneous defects, ...	35.

GRAMMAR DEPARTMENT, Number of Pupils, 1082

No. of normals, ...	311, or 29 percent
No. having only slight defects, ...	271, or 75 percent
No. having serious defects, ...	500, or 46 percent
No. having mouth and teeth defects,	595.
No. having nose and throat defects,	418.
No. having miscellaneous defects, ...	20.

HIGH SCHOOL, Number of Pupils, 506

No. of normals, ...	253, or 50 percent
No. having only slight defects, ...	79, or 16 percent
No. having serious defects, ...	174, or 34 percent
No. having mouth and teeth defects,	188,.
No. having nose and throat defects,	101.
No. having miscellaneous defects, ...	26.

WHOLE SCHOOL, Number of Pupils, 2845

No. of normals, ...	717, or 25 percent
No. having only slight defects, ...	784, or 28 percent
No. having serious defects, ...	1344, or 47 percent
No. having mouth and teeth defects,	1599.
No. having nose and throat defects,	1173
No. having miscellaneous defects, ...	81.

Obviously, it is difficult to estimate the exact effects of subnormal physical condition upon scholastic progress as there are other factors bearing quite as heavily upon it. Large classes and crowded rooms, shortened school periods due to the numerous double platoons are still somewhat in evidence, as well as alluring outside attractions and even a lack of parental co-operation in some cases.

Some investigations have been carried on this year with regard to heating and ventilation of the school-rooms. It appears to be impossible to heat and ventilate well all the rooms in a building with any automatic system of control. Some rooms were found to have a temperature of 84 F. degrees and a relative humidity as low as 21%. Fortunately, this combination was rare as it surely must affect the health as well as the mental activity of the pupils. Other rooms in the same building were quite comfortable with a temperature of 70 degrees and a relative humidity between 40 and 50%. Pupils in the latter rooms appear brighter and more alert and probably do better work with less effort. In very few rooms were the temperature and humidity up to standard requirements.

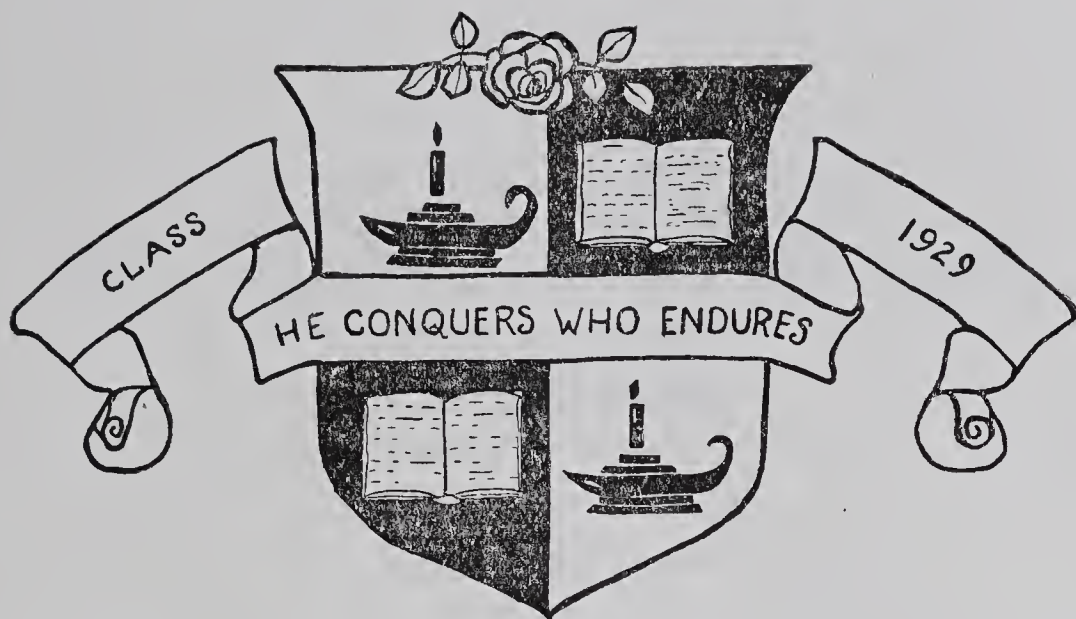

There seems to be a growing inclination among school architects to heat and ventilate each room independently, depending upon the judgment of the teachers for proper regulation. This system is quite satisfactory but not inexpensive.

Further investigations will be made with a view to having some definite suggestions to make to your committee in connection with the planning of any new buildings which may be erected.

Tune: By-Gone Days.

We will ne'er forget pleasant high school days,
 When our youthful hearts were light,
 And those comrades tried with their cheery ways,
 Whom we've cherished with delight.
 And those friendships true we will ne'er forget
 For we'll think of them with glee,
 Whether far or near, whether far or near,
 On land or sea.

On this parting day, as we wend our way
 To the future bright and fair,
 May we ever find in this world so gay
 All our hopes and wishes there.
 We will win the strife if we do and dare,
 When upon life's waves we're cast,
 For we'll seek thy care, we will seek thy care
 As in the past.

We will always hold to the standards bold,
 In the years which seem secure,
 That we'll e'er be true to our motto old:
 He will conquer who endures.
 Alma Mater dear, we will promise here
 That we'll ever love thy name;
 And we'll hold you dear, and we'll hold you dear,
 Farewell, Farewell.

TOWN RECORDS.

WARRANT FOR ANNUAL TOWN MEETING,

MARCH 4, 1929

COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

To Either Constable of the Town of Milford, in said
County,

GREETING:—

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said town, qualified by law to vote in elections and in town affairs, to meet at the Town Hall, in said town, on Monday, the 4th day of March, A. D. 1929, punctually at 5:45 o'clock in the forenoon to act upon the following articles, namely:—

(The polls may be closed at four o'clock in the afternoon on said day of meeting.)

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose all necessary town officers, a Town Clerk, Town Treasurer, Tax Collector, three Selectmen, a Highway Surveyor (for one year), one Assessor (three years), member of the Board of Public Welfare (three years), member of the Board of Health (three years), member of Board of Health (one year), Sewer Commissioner (three years), two members of the School Committee (three years), two Trustees of Public Library (three years), two Trustees of Vernon Grove Cemetery (three years), Park Commissioner (three years), member of Planning Board (three years), member of Planning Board (two years to fill vacancy), Tree Warden (one year), five Constables (one year), to be voted for on ballots prepared and furnished in accordance with the

provisions of Chapter 54 of the General Laws of Massachusetts, and Amendments thereto.

Also; upon said ballots the voters will give in their votes "Yes" or "No" on the following questions:—

Question No. 1

Shall an act passed by the General Court in the year 1928, entitled "An Act authorizing the Town of Milford to use certain park land for school purposes," be accepted?

Question No. 2

Shall the Town accept the act entitled "An Act to permit certain sports and games on the Lord's Day," approved at the State election held on November 6, 1928, which provides that it shall be lawful in any town which accepts the act to take part in or witness any athletic outdoor sport or game, except horse-racing, automobile racing, boxing or hunting with fire-arms, on the Lord's Day between two and six P. M.; that such sports or games shall take place on such playgrounds, parks or other places as may be designated in a license issued by the licensing authorities named in the act; that no sport or game shall be permitted in a place other than a public playground or park, within one thousand feet of any regular place of worship; that the charging of admission fees or the taking of collections or the receiving of remuneration by any person in charge of or participating in any such sport or game shall not be prohibited; that the license may be revoked, and that in cities and towns in which amateur sports or games are permitted under existing law such amateur sports or games may be held until the act is accepted, or the provisions of the existing law fail of acceptance on resubmission to the people?

ANNUAL TOWN MEETING, MARCH 4, 1929
COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

Milford, March 4, 1929.

At a legal meeting of the inhabitants of the Town of Milford, qualified by law to vote in elections and in town affairs, holden this fourth day of March, A. D. 1929, at 5:45 o'clock in the forenoon, the said inhabitants proceeded as follows:—

The meeting was called to order by the Town Clerk, who proceeded to read the warrant.

After the reading of Articles 1 and 2, it was voted to dispense with the reading of the remainder of the articles in the warrant until the date of the adjourned town meeting, to be determined later in the meeting.

The Clerk read the remainder of the warrant after Article 40, and the officer's return thereon.

Article 1. A ballot was taken for a choice for moderator, the names of those voting being checked on the voting lists.

The result of the ballot was as follows: Whole number of ballots cast, two, all of which were for John T. McLoughlin.

John T. McLoughlin was declared elected moderator and was sworn to a faithful performance of his duties by the Town Clerk.

Article 2. To choose all necessary town officers by ballot.

The ballot box used in elections was examined and found to be empty.

The register on the ballot box was set at 0000, the box locked, and the keys delivered to John J. Moloney, constable in attendance at said meeting.

Packages said to contain 7,080 ballots, specimen ballots, cards of instructions and penalty cards were delivered to the moderator by the Town Clerk.

The ballots were then placed in the possession of the ballot clerks.

All legal requirements having been complied with, the polls were declared open at 5:51 o'clock A. M.

The following election officers appointed by the Selectmen were sworn to a faithful performance to their duties by the Town Clerk: Tellers, to check the voting list at the polls, Harold K. Bullard, Charles W. Gould; Ballot Clerks, Albert L. Condon, James F. Catusi, George V. Larkin; Deputy Ballot Clerks, Charles F. Gillon, Harry C. Tilden, John F. Hennessy.

The following election officers appointed by the moderator to fill vacancies were sworn to a faithful performance of their duties by the Town Clerk: Ballot Clerk, John F. Maher; Deputy Ballot Clerk, William E. Moore.

Voted: To close the polls at 8 o'clock P. M.

Voted: That after the completion of action under Article 2, the meeting to be adjourned until Friday, March 8, 1929, at 8 o'clock P. M. in Town Hall.

The following tellers were appointed by the Selectmen, were sworn to a faithful performance of their duties by the Town Clerk, and began their duties at 9 o'clock P. M.:

Harry L. Webber, Walter B. McFarland, Frank A. Bixby, Walter A. Vant, Garden W. Rae, Wallace E. Watkin, P. Harry Burke, Charles E. Pollard, William J. Touhey, James Giamarco, John A. O'Connell, Patrick H. Burke, Ernest L. Schultz, Francis J. Carron, Angelo Checchi, John J. Kelly, Patrick H. Gillon, Louis Rizoli, Alfred Daigle, Francis V. Curran, Joseph D. Cahill, Louis Jacobs, William J. Cloonan, Frank Moschilli, Michael J. Collins, James F. McDonough, Enrico Barbadoro, Frank R. Fahey, Joseph P. Drugan, William J. Hynes, James Creasia, Ernest Keene.

Due notice having been given, polls were declared closed at 8 o'clock P. M.

The following tellers appointed by the Selectmen were sworn to a faithful performance of their duties by the Town Clerk, and began their duties at 8 o'clock P. M.: Clifton A. Cross, Dennis P. Flynn, Louis Bozzini, Earl F. Johnson, William J. Darney, Walter E. Blake, Joseph

Ozzella, William J. Marshall, Attilio Guerrieri, Dennis A. Clifford, Francis Sheedy, Edward J. O'Sullivan, Matthew Cellozzi, Francis Wallace, Antonio De Matteis, Raymond Shedd, Owen Ferguson, Benjamin Smethurst, John L. Bowen, Dominic Juliani, George H. Clement, John D. Cronan, Francis Murphy, George Tierney, Ernest Stanley, Angelo Morcone.

The following tellers appointed by the moderator to fill vacancies were sworn to a faithful performance of their duties by the Town Clerk: Henry SanClemente, Michael Visconte, John Kavanagh, Daniel R. Hayes, Melvin P. Connors, Charles Humes.

During the voting the ballot box was opened by unanimous consent of the moderator and Town Clerk, eleven times (11), for the purpose of taking out, sorting and counting the ballots, first at 9:07 o'clock A. M. when it registered 500, then at 10:17 A. M. when it registered 700, then at 12:15 P. M. when it registered 1,100, then at 1:50 P. M. when it registered 1,520, then at 2:40 P. M. when it registered 1,800, then at 3:40 P. M. when it registered 2,200, then at 4:35 P. M. when it registered 2,500, then at 5:30 P. M. when it registered 3,000, then at 7 o'clock P. M. when it registered 3,750, then at 7:45 P. M. when it registered 4,353, then at the close of the polls at 8 o'clock P. M. when it registered 4,397.

The ballot box register, and the count of the tellers and ballot clerks, checking the names on the voting lists, and at the polls and the tables agreed.

The ballots having been sorted and counted and the whole number cast found to be 4,397, said ballots were sealed in envelopes, placed in a box, which was sealed and the indorsement of the election officers placed thereon.

The voting lists used at the polls and at the tables of the ballot clerks were sealed and indorsed by the tellers checking the lists and the ballot clerks.

The ballots cast and the voting lists were delivered to the Town Clerk.

The moderator then declared the following officers

HIGHWAYS

Article 17, asking for \$2,500.00 for West Walnut Street;

Article 18, calling for \$2,500.00 for West Brook Street;

Article 19, calling for the construction of a sidewalk on Whitney Street;

Article 20, calling for \$500.00 for repairs to Highland Street;

Article 21, calling for the macadamizing of Granite Street;

Article 32, asking for an appropriation for Reservoir Street;

Article 35, asking for \$2,000.00 for Beaver Street;

Article 36, calling for an appropriation to repair Sumner Street;

Article 37, asking for \$2,000.00 for Mt. Pleasant Street, we have given earnest consideration. In view of the fact, however, that \$60,000.00 has been appropriated for highways under the supervision of the Highway Surveyor, we recommend that all of these articles calling for special appropriations, be passed over, but we strongly urge the Highway Surveyor to give these streets such attention as will put the said streets in suitable condition, and that the cost of the same be taken from his general appropriation.

Article 26, relative to raising a sum of money for the rebuilding of Main Street, we recommend that the following action be taken: that the sum of \$22,000.00 be raised and appropriated for the purpose of rebuilding Main Street from the grade crossing of the New York, New Haven & Hartford Railroad to its intersection with South Main Street, for a width of approximately eighteen feet and a suitable depth, the same to be constructed of reinforced concrete, and that the present granite blocks,

street railway tracks and ties shall be removed and in their place the said concrete road be constructed.

Article 12, relative to voting to indemnify the Commonwealth for land damage as a result of the proposed State highway on the Upton Road, we recommend be acted upon favorably.

Article 13, relative to the establishment of a town forest on the Town Farm, we recommend be passed over.

Article 14, relative to raising \$5,000.00 to purchase the Cedar Swamp Pond, we recommend be acted upon favorably.

Article 15, relative to the appropriation of \$500.00 for the one hundred and fiftieth anniversary celebration in 1930, we recommend that \$500.00 be appropriated provided the Town desires such a celebration.

Article 16, relative to appropriating \$1,000.00 for the purchase of a sand pit, we recommend that a Committee consisting of the Chairman of the Board of Selectmen, the Highway Surveyor and the Chairman of the Finance Commission investigate the matter and report their findings at a later meeting.

Article 23, relative to appropriating the surplus war bonus and the amount received from the sale of Pearl Street property, we recommend that the same be used upon permanent improvements in the Town Park.

Article 24, relative to raising \$3,500.00 for installing a steam heating system in the Chapin Street School, we recommend be acted upon favorably.

Article 27, relative to raising the salary of the Town Treasurer to \$1,500.00, we recommend be acted upon favorably.

Article 28, relative to appropriating \$5,000.00 for the athletic field on Town Park, in view of our recommendation under Article 23, we recommend be passed over.

Article 29, relative to Town voting to indemnify the Commonwealth for the land damages as a result of the

proposed State highway on East Main Street, we recommend be acted upon favorably.

Article 31, relative to the removing of a tree on Congress Street, we recommend be passed over and refer the matter to the attention of the Tree Warden.

Article 33, relative to appropriating \$4,500.00 for a piece of fire apparatus, we recommend be acted upon favorably.

Article 34, relative to installing traffic signal lights, we recommend that the article be acted upon favorably in so far as it applies to Main, Central and Exchange Streets, Spruce and School Streets, and West, Exchange and Congress Streets, and that \$1,500.00 be raised and appropriated therefor.

Article 38, relative to appropriating \$300.00 for re-lettering the Honor Roll on Draper Park, we recommend be acted upon favorably.

TOWN PARKS

A Committee having been appointed to look at the condition in Town Park, we have decided to recommend \$500.00 for care of trees on the Town Parks, but we suggest that the matter of using the same be held in abeyance until the spring, when we urge the Park Commissioners to consult suitable expert advice on tree matters.

We recommend that \$500.00 be raised and appropriated for the purpose of extending the left field bleachers approximately sixteen feet, and a suitable enclosure erected thereunder for the purpose of storing the tools used by the Park Commissioners.

We wish to commend the various town departments on the fact that during 1928 they have not contracted any bills in excess of the appropriation allowed them by the Town. For years the Finance Commission has waged a campaign against the practice of town departments over-drawing their appropriations, and the fact that this prac-

tice appears to have been now ended is a source of gratification to the Commission.

Respectfully submitted,

WALTER L. ADAMS,

Chairman.

WILLIAM A. MURRAY,

Secretary.

Voted: To appropriate the Dog Tax for 1928 (\$1,500.85) for Town Library.

Article 5. Voted: That all personal and real estate taxes shall become due and payable on October 15, 1929.

On all taxes remaining unpaid November 1, 1929, interest at the rate of six per cent per annum on all taxes amounting to Two Hundred Dollars, and eight per cent on all taxes in excess of Two Hundred Dollars, shall be charged from October 15, 1929.

The collector shall be paid eight-tenths of one per cent of each payment made to the Town Treasurer on account of taxes and assessments. The collector shall pay all expenses of his office, namely: printing, postage and office supplies.

He shall be allowed expenses for rent, telephone, light and heat of office room now used by him, and all expenses incurred by him at law or equity for collection of taxes or assessments.

It was moved to amend section three of the motion presented under Article 5 to read as follows: "The collector shall be paid \$3,500.00 for all taxes and assessments collected and turned over to the Town Treasurer."

A vote on the amendment was taken, each voter standing and raising right hand.

Alton H. Metcalf, William J. Moore, Sumner C. Reynolds, John J. Fahey, George V. Larkin, Edward F. Porter, Raphael Marino, were appointed by the moderator to count the votes.

Result of the vote: Yes—349; No—521.

The moderator declared the amendment lost.

Article 6. Voted: To pass over the article.

Article 7. Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to

borrow money on and after January 1, 1930, in anticipation of the revenue of the financial year, beginning January 1, 1930, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year, beginning January 1, 1930. The vote was unanimous.

Article 8. Voted: That the Selectmen be authorized to take charge of all legal proceedings for or against the Town.

Article 9. The following motion was presented: "I move that the Town vote to accept the provisions of General Laws, Chapter 31, Section 48, of the Laws of Massachusetts, vote to restrict the application of the provisions of said Chapter, and amendments thereto, to the regular members of the Fire Force, namely, the Board of Engineers and the regular drivers of apparatus.

Voted: That a ballot be taken and the voting list used in determining the vote on the question.

George V. Larkin, J. Roy Kerr, William E. Moore, were appointed by the moderator to check voting lists.

Alton H. Metcalf, William J. Moore, Sumner C. Reynolds, John J. Fahey, Joseph V. Carey, Edward F. Porter, were appointed by the moderator to receive, sort and count ballots.

Voted: To take up Article 29.

Voted: That the sum of five thousand dollars (\$5,000.00) be raised and appropriated toward paying any and all claims for land, grade and drainage damaged, which may be caused by the reconstruction of a section of State highway beginning at the junction of Medway and E. Main Streets, and extending to the Milford and Holliston town line.

Result of the ballot on motion under Article 9: Yes—493; No—577. Total number of ballots—1,070. Number of names checked on voting list—1,065.

The moderator declared the motion lost.

Voted: To adjourn until Monday, March 11, 1929, at 8 o'clock P. M. in town hall.

WARRANT FOR THE SPECIAL TOWN MEETING,
JULY 17, 1929

COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

To either Constable in the Town of Milford in said
County,

GREETING:—

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said Town, qualified by law to vote in elections and in town affairs, to meet at the town hall in said Town on Wednesday, the seventeenth day of July, A. D. 1929, punctually at 8 o'clock in the evening, to act upon the following articles, namely:—

Article 1. To choose a moderator to preside at said meeting.

Article 2. To see if the Town will vote to amend the vote taken under Article 26 of the warrant for the Annual

Town Meeting of March 11, 1929, so as to read as follows:—

Voted: That there be raised and appropriated a sum not exceeding \$100,000.00 for the purpose of rebuilding Main Street from the New York, New Haven & Hartford Railroad crossing to Hopedale town line, of permanent pavement, reinforced concrete, to be rebuilt under the supervision of the Department of Public Works, Division of Highways; and that, to meet said appropriation, there be raised in the tax levy of the current year the sum of \$25,000.00, and the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow a sum not exceeding \$75,000.00 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19, Chapter 44, General Laws, so that the whole loan shall be paid in not more than five years or at such earlier dates as the Treasurer and Selectmen may determine.

Article 3. To see if the Town will vote to amend the vote under Article 4 of the warrant for the Annual Town Meeting of March 11, 1929, so as to read as follows:—

Voted: That there be raised and appropriated the sum of \$10,000.00 for the purpose of rebuilding South Main Street from a point near the property of Ancilo S. Antolini toward Main Street, said sum to be used in conjunction with money allotted by the State and County for this purpose.

Article 4. To see if the Town will vote to raise and appropriate a sum of money for the purpose of removing poles, police and fire alarm wires on Main Street, certain wires entering into front of town hall building, place said wires underground on Main Street and enter town hall building in the rear, said money to be expended under the supervision of the Selectmen, or take any action in relation thereto.

Article 5. To see if the Town will vote to transfer the sum of seventeen hundred and fifty dollars (\$1,750.00)

received by the Town from the Citron-Byer Company to revenue of 1929, to be used by the assessors to determine the 1929 tax rate.

Article 6. To see if the Town will vote to authorize its Selectmen to appoint a committee of five to investigate the advisability of constructing or dedicating a suitable memorial for the purpose of properly commemorating the services and sacrifices of persons who served in the World War, and report at the next Annual Town Meeting.

Article 7. To see if the Town will vote to authorize the Selectmen to carry out the vote of the Town taken on March 11, 1929, under Article 14 of the warrant of the Annual Town Meeting in connection with the purchase of the Cedar Swamp Pond, so-called, with the encumbrances now existing thereon, or vote to purchase in fee certain land from the Clark heirs, raise and appropriate a sum of money for either of said purposes, or take any action in relation thereto.

Article 8. To see if the Town will vote to raise and appropriate the sum of forty-five hundred dollars (\$4,500.00) to purchase a piece of fire apparatus, or take any action in relation thereto.

Article 9. To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) to recondition the athletic field on the Town Park, or take any action in relation thereto.

Article 10. To see if the Town will vote to raise and appropriate for highways the sum of three thousand dollars (\$3,000.00), or take any action in relation thereto.

Article 11. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) for construction of sewers, or take any action in relation thereto.

Article 12. To see if the Town will vote to raise and appropriate the sum of two hundred and fifty dollars (\$250.00) for the purpose of removing or treating the

elm tree in front of 171 Congress Street, the same being a menace to public safety, or take any action in relation thereto.

Article 13. To see if the Town will vote to accept and allow the report of the Selectmen on the laying out of Nelson Heights, so-called.

Article 14. To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100.00) for the purpose of moving a hydrant now located near No. 99 Water Street, or take any action in relation thereto.

Article 15. To see if the Town will vote to accept and allow the report of the Selectmen on the laying out of Overlea Avenue.

Article 16. To see if the Town will vote to accept and allow the report of the Selectmen on the laying out of South Terrace.

Article 17. To see if the Town will vote to purchase from George H. Spindel his sand pit located on Haven Street, raise and appropriate the sum of one thousand dollars (\$1,000.00) therefor, or take any action in relation thereto.

Article 18. To see if the Town will vote to make application to the General Court of Massachusetts for the passage of an act to authorize precinct voting, representative town meetings, the election of town meeting members, a referendum, and an annual moderator in the Town of Milford, or take any action in relation thereto.

And you are hereby directed to serve This Warrant by posting up attested copies thereof at each of the Public Meeting Houses and at the Post Office in said Town; also cause an attested copy to be published in the *Milford Daily News*, a newspaper published in said Town, two Sabbaths at least before the time set for said meeting.

Hereof Fail Not, and make due return of this warrant with your doings thereon to the Clerk of said Town, at the time of meeting aforesaid.

Given under our hands at Milford, this fifth day of July, A. D. 1929.

PHILIP CENEDELLA,

Article 11. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) for construction of sewers, or take any action in relation thereto. Your committee recommend that favorable action be taken under the article.

Article 12. To see if the Town will vote to raise and appropriate the sum of two hundred and fifty dollars (\$250.00) for the purpose of removing or treating the elm tree in front of 171 Congress Street, the same being

a menace to public safety, or take any action in relation thereto. Your committee recommend that the article be passed over.

Article 14. To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100.00) for the purpose of moving a hydrant now located near 99 Water Street, or take any action in relation thereto. Your committee recommend that the article be favorably acted upon.

Article 17. To see if the Town will vote to purchase from George H. Spindel his sand pit located on Haven Street, raise and appropriate the sum of one thousand dollars (\$1,000.00) therefor, or take any action in relation thereto. A sub-committee was appointed to investigate the merits of this sand pit. After receiving their report, it is the opinion of your committee that the article be passed over, without prejudice to the proposition, but rather with the thought that no action is necessary until the present supply from available sources becomes exhausted.

Respectfully submitted,

W. L. ADAMS, *Chairman*;

L. BLAINE LIBBEY, *Secretary*;

Finance Committee of the Town of Milford.

Voted: To receive the report of the Finance Committee.

Article 2. Voted: To amend the vote taken under Article 26 of the warrant for the Annual Town Meeting of March 11, 1929, so as to read as follows:

Voted: That there be raised and appropriated the sum of \$100,000.00 for the purpose of rebuilding Main Street from the New York, New Haven & Hartford Railroad crossing to Hopedale Town Line, of permanent pavement, reinforced concrete, to be rebuilt under the supervision of the Department of Public Works, Division of Highways, and that, to meet said appropriation, there be raised in the tax levy of the current year the sum of \$25,000.00, and the Treasurer, with the approval of the

Selectmen, be and hereby is authorized to borrow a sum not exceeding \$75,000.00, and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19, Chapter 44, General Laws, so that the whole loan shall be paid in not more than five years or at such earlier dates as the Treasurer and Selectmen may determine.

A rising and hand vote was taken. Walter L. Adams, Benjamin J. Clancey, Dean R. Spindel and Harold K. Bullard were appointed tellers by the moderator to count the vote. Result of the vote: Yes—169; No—77.

Article 3. Voted: To amend the vote taken under Article 4 of the warrant for the Annual Town Meeting of March 11, 1929, so as to read as follows:

Voted: That there be raised and appropriated the sum of \$10,000.00 for the purpose of rebuilding South Main Street from a point near the property of Ancilo S. Antolini toward Main Street, said sum to be used in conjunction with money allotted by the State and County for this purpose.

Article 4. Voted: That the Town raise and appropriate the sum of \$5,500.00 for the purpose of removing poles, police and fire alarm wires on Main Street, certain wires entering into front of town hall building, place said wires underground on Main Street, and enter town hall building in the rear, said money to be expended under the supervision of the Selectmen.

Voted: To pass over the remainder of the article.

Article 5. Voted: That the sum of \$1,750.00 received by the Town from the Citron-Byer Company be transferred to the revenue of 1929, to be used by the assessors to determine the 1929 tax rate.

Article 6. Voted: That the Selectmen be authorized to appoint a committee of five to investigate the advisability of constructing or dedicating a suitable memorial for the purpose of properly commemorating the services and sac-

rifices of persons of Milford who served in the World War, and report at the next Annual Town Meeting.

Article 7. Voted: That the Selectmen be authorized to carry out the vote of the town taken on March 11, 1929, under Article 14 of the warrant of the Annual Town Meeting, and that the purchase of the Cedar Swamp Pond, so-called, be made with the encumbrances now existing thereon, and that the sum of \$69.00 be raised and appropriated to pay the Clark heirs for flowing their land.

Voted: To pass over the remainder of the article.

Article 8. Voted: To raise and appropriate the sum of \$4,500.00 to purchase a piece of fire apparatus.

Voted: To pass over the remainder of the article.

Article 9. Voted: To raise and appropriate the sum of \$5,000.00 to recondition the athletic field on the Town Park, the money to be used under the jurisdiction of the Park Board in conjunction with the Selectmen, for the improvement of the park in general as well as the athletic field, also for the building of a suitable store-house for the storing of the park equipment, and the playground apparatus, or any tools or equipment which comes under their jurisdiction.

Voted: To pass over the remainder of the article.

Article 10. Voted: To raise and appropriate the sum of \$3,000.00 for highways.

WARRANT FOR SPECIAL TOWN MEETING,
AUGUST 19, 1929

COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

To either Constable of the Town of Milford, in said
County,

GREETING:—

In the name of the Commonwealth aforesaid, you are

hereby required to notify and warn the inhabitants of said Town, qualified by law to vote in elections and in town affairs, to meet at the town hall in said Town, on Monday, the 19th day of August, A. D. 1929, punctually at eight o'clock in the evening, to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To see if the Town of Milford will authorize its Selectmen to enter into a contract with the Milford Water Company, relative to changing cost of hydrants from fifty dollars (\$50.00) per hydrant to sixty dollars (\$60.00) per hydrant, determine when the same shall be paid, raise and appropriate money therefor, or take any action in relation thereto.

Article 3. To see if the Town will authorize the Selectmen to install additional hydrants for fire purposes, raise and appropriate money therefor, or take any action in relation thereto.

And you are hereby directed to serve this warrant by posting up attested copies thereof at each of the Public Meeting Houses and at the Post Office in said Town, also cause an attested copy to be published in the *Milford Daily News*, a newspaper published in said Town, two Sabbaths at least before the time set for said meeting.

Hereof Fail Not, and make due return of this warrant, with your doings thereon, to the Clerk of said Town, at the time of meeting aforesaid.

Given under our hands at Milford, this 6th day of August, A. D. 1929.

PHILIP CENEDELLA,
TIMOTHY W. HANNIGAN,
P. EUGENE CASEY,
Selectmen of Milford.

A true copy. Attest:

JOHN J. MOLONEY,
Constable of Milford.

COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

Milford, August 19, 1929.

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milford, herein described, to meet at the time and place, and for the purposes within mentioned, by posting up attested copies of this warrant at each of the Public Meeting Houses, and at the Post Office in said Town, and I have likewise caused an attested copy of this warrant to be published in the *Milford Daily News*, a newspaper published in said Town, two Sabbaths before the time set for said meeting.

Attest:

JOHN J. MOLONEY,
Constable of Milford.

A true copy of the warrant and the officer's return thereon. Attest:

SPECIAL TOWN MEETING, AUGUST 19, 1929

COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

Milford, August 19, 1929.

In pursuance of the foregoing warrant, the inhabitants of the Town of Milford, qualified by law to vote in elections and in town affairs, met in town hall in said Town, on Monday, the nineteenth day of August, A. D. 1929, punctually at eight o'clock in the evening, and were called to order by the Town Clerk, who read the warrant and the officer's return thereon.

Article 1. The meeting made choice of John T. McLoughlin as moderator, the vote being unanimous.

Article 2. John C. Lynch, Esq., special counsel for the Selectmen, presented the following motion: "I move that the Selectmen be, and are hereby, authorized to make a

contract with the Milford Water Company, relative to the price to be paid for hydrant service, for fire purposes, in the Town of Milford, not to exceed \$60.00 per hydrant, to determine the duration of the contract, the time of payment thereof, and that we raise and appropriate the sum of two thousand dollars (\$2,000.00) to be applied in payment thereof."

L. Blaine Libbey, Secretary of the Finance Committee, presented the following report for the Finance Committee:
Milford, Mass., August 19, 1929.

Mr. Moderator:

Your Finance Committee gave a hearing last Friday evening to parties interested in the two articles appearing in the Town Warrant, and submit the following report:

We do not believe it is advisable to increase the price of hydrants all over the town.

The real purpose of raising the price, as mentioned in the two articles, is to pay for the installation of hydrants in a particular district.

Should the articles receive favorable action, we believe the entire cost should be placed upon and limited to the hydrants in the section served.

L. BLAINE LIBBEY,
Secretary.

Voted: To receive and accept the report of the Finance Committee.

It was moved that the motion be laid on the table. Motion lost. Result of the vote on motion: Yes—36; No—40. Rising and hand vote, which was counted by tellers appointed by the moderator.

Voted: That the Selectmen be, and are hereby, authorized to make a contract with the Milford Water Company, relative to the price to be paid for hydrant service, for fire purposes, in the Town of Milford, not to exceed \$60.00 per hydrant, to determine the duration of the contract, the time of payment thereof, and that we raise and appropriate the sum of two thousand dollars (\$2,000.00).

to be applied in payment thereof. Yes—44; No—41. Rising and hand vote which was counted by tellers appointed by the moderator.

Voted: To pass over the remainder of the article.

Article 3. Voted: On motion presented by John C. Lynch, Esq., Special Counsel for the Selectmen, "That the Selectmen be, and are hereby, authorized to locate eight (8) additional hydrants, for fire purposes, in such places as in their judgment they deem fit, and that we raise and appropriate the sum of four hundred and eighty dollars (\$480.00) therefor."

Voted: To pass over the remainder of the article.

Voted: To dissolve the warrant.

VITAL STATISTICS.

Parents and others are requested to carefully examine the following lists and if any errors or omissions are discovered report them at once to the town clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the General Laws of Massachusetts, Chapter 46.

Section 3. Every physician, or hospital medical officer registered under Section nine of Chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge, showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birthplace, occupation and residence (including the street number, if any, and the ward number, if in a city) of each parent, the maiden name of the mother and the name of the physician or officer, if any, personally attending the birth. If the child is illegitimate, the name of and other facts relating to the father shall not be set forth except upon written request of both the father and mother. Said physician or officer shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts herein above required to be shown on said record and also the said written request, if any; provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said forty-eight hours, mail or deliver to said clerk or registrar a notice stating the date and place of the birth, the street number, if any, the ward number, if in a city, and the family name. Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such

physician or officer a fee of twenty-five cents for each birth so reported. Any physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required for record relative to such births, shall furnish the same upon request of the clerk of the town where such child was born or its parents reside, or of any person authorized by him. Such member or servant refusing to furnish such facts shall be punished by fine not exceeding ten dollars.

Section 6. Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. Every householder in whose house a death occurs and the oldest next of kin of a deceased person in the town where the death occurs shall, within five days thereafter, cause notice thereof to be given to the board of health, or, if the selectmen constitute such board, to the town clerk. The keeper, superintendent or person in charge of a workhouse, house of correction, prison, reformatory, hospital, almshouse or other institution, public or private, which receives inmates from within or without the limits of the town where it is located shall, when a person is received, obtain a record of all the facts which would be required for record in the event of the death of such person, and shall, on or before the fifth day of each month, give notice to the town clerk of every birth and death among the persons under his charge during the preceding month.

Blanks for returns of births and deaths may be obtained at the office of the town clerk.

DENNIS J. SULLIVAN,
Town Clerk.
